

Dr. Patrick Flanagan,
author of the best selling book: *Pyramid Power*
and
Dr. Gael Crystal Flanagan
present their newest discoveries:

ELIXIR OF THE AGELESS

This book could change your life! After 80 years of combined research in the field of longevity, the Fountain of Youth has been discovered. Patrick and Gael Crystal Flanagan were married in the Great Pyramid of Giza and spent three days and nights inside and on top of the Great Pyramid during the Pleiadian alignment. This auspicious astrological conjunction occurs only once every 4800 years. After leaving Egypt and visiting sacred temples around the world, they returned to their research laboratory. They discovered a secret that made it possible for them to fast for six months entirely on liquids.

Their remarkable discovery is chronicled in their book entitled: *Elixir of the Ageless, You are What You Drink*. Send check or money order for \$9.95 + \$1.00 p&h

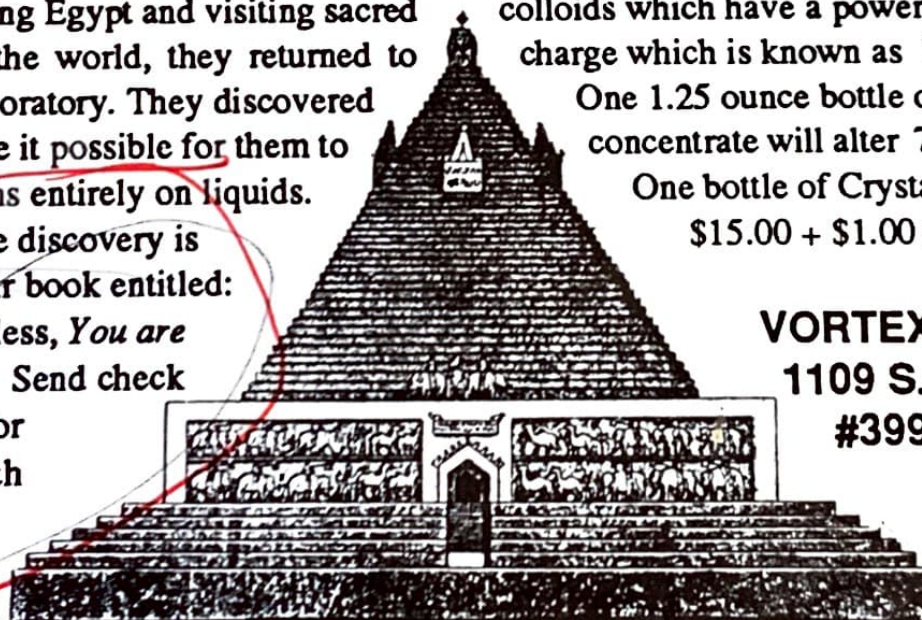

CRYSTAL ENERGY®

When these super concentrated electro-catalytic colloidal minerals are added to ordinary drinking water something miraculous happens... the structure of water is altered and activated. Surface tension is reduced, making the water wetter. This restructured water closely resembles the watery fluid found in living fresh vegetables and fruits. The water structure is "activated" by billions of mineral colloids which have a powerful electrical charge which is known as "Zeta Potential."

One 1.25 ounce bottle of collidal super concentrate will alter 7 gallons of water.

One bottle of Crystal Energy®
