

Coaching Super-Vision

with **Dan Feldman**

Daniel Feldman

Leadership Performance Solutions

— SUPPORT & COLLABORATION

What is Coaching **Super-Vision**?

Coaching super-vision occurs when a coach brings their coach/client challenges to a coach supervisor. It provides a space reflective for dialogue and collaborative learning for the development and benefit of the coach, their clients and their organizations.

For experienced coaches, coaching super-vision offers the opportunity for the coach to explore issues, think through dilemmas, manage emotions and personal barriers, and engage in continuous learning, drawing from individual cases and critical sessions.
