

LORI COSTANTINO-BROWN PRESIDENT

Referring Source:

Bridges of Florida would like to thank you for your referral to our Residential Treatment Programs that are in Orlando, Florida (Male) and Auburndale, Florida (Female). The length of stay for the Residential Treatment Programs may vary from (6-18) months depending upon the offenders' needs as our Residential Program is also a Dual Diagnosis Program. As part of the referral process the following referral documents are required to begin the initial screening process:

- 1. Consent for Release of Information
- 2. Bridges of Florida Residential Referral
- 3. Assessment Forms

The documents are to be completed in their entirety and forwarded via email to <u>referral@bridgesofflorida.org</u>. Upon receipt of the referral documents, the documents will be upload into Bridges of Florida Electronic Health Record system. A Qualified Professional at Bridges of Florida will review and document the offender's eligibility in the Electronic Health Record system.

We kindly request that criminal history (examples: CCIS report/ Scoresheet/ Arrest Warrants) also be sent with the referral as it will help with the review to see if the client meets the criteria for our Residential Program. If client has had a Psychological Evaluation or Mental Health Evaluation, please submit those with the referral also.

Notification of approval or denial will be provided to the referral source. If a denial letter is received, the reason for denial will be listed on the letter.

Thank you again, for being a part of the referral process for the Bridges of Florida Residential Treatment Programs.

LORI COSTANTINO-BROWN PRESIDENT

Client of Bridges of Florida:

Bridges of Florida has developed a procedure to apply for services with us. After meeting with lawyers and judges throughout Florida, it has been recommended that they would consider a treatment option as part of a sentence more seriously if we were able to provide them with more information about your alcohol or drug problem. To do this, we need to obtain more details about your alcohol or drug usage. We have developed a questionnaire that once completed by you, would provide the information needed. A summary of our recommendations will be given to your lawyer once the "CONSENT TO RELEASE CONFIDENTIAL INFORMATION" form has been completed, signed, and dated by you. If not completed, we will not be able to release information that you provided to them.

If the information is being obtained via video call, these forms will be read to you by an interviewer and the interviewer will sign and date the forms confirming that the answers were provided by you during a video call. Please ensure that you have answered all the questions, or it is invalid.

This program requires that you MUST BE PHYSICALLY ABLE TO WORK 40 HOURS A WEEK.

Thank you for your patience. We hope any treatment needs you may have will be fulfilled.

Cordially,

Bridges International Programs Department
