PLASTER MOULDINGS

PRODUCT GUIDE

Fine craftsmanship

We have over 30 years of experience in manufacturing and installing fine plaster mouldings in prestigious residential spaces to many magnificent commercial interiors, including hotels, museums and churches. From start to finish we work closely with architects and designers to ensure that every project retains the endless test of time.

Crafted using time-honoured traditional methods and materials, our plaster mouldings offer the depth and definition to the most intricate designs that cannot be achieved with other materials.

Elegant Plaster Mouldings can supply any size project from our extensive collection of in-stock mouldings, or custom designs can be created and manufactured to your specification.

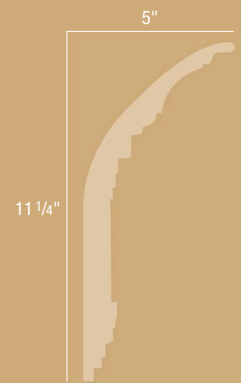

Mouldings

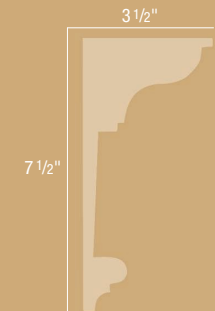

In contemporary and traditional decors, crown mouldings enhance the architecture of any environment. By using a combination of different mouldings, you can further enhance the effects of lighting and shadows. Elegant Plaster Mouldings offers an extensive collection of cornices, friezes and panel mouldings, in addition to creating custom and special designs.

Ceiling Systems

Brackets

Intended for architectural and non-structural use, these elegantly sculpted brackets are integrated in support positions and enhance the aesthetic features of any environment. Plaster brackets are available in many styles and sizes.

Columns and Capitals

Our columns and pilasters are crafted in many contemporary, traditional and custom designs. Columns are available in various sizes and can be combined with various styles of capitals and bases to complement any decor. In addition, columns and pilasters offer many other decorative options such as pedestals, table bases and frames.

Niches

Available in a variety of sizes as well as architectural styles, niches transform new spaces for display purposes, special lighting effects or simply alone as a focal point.

Ceiling Systems

Our systems create unique designs that cover the entire ceiling. We custom craft and create these one-of-a-kind masterpieces utilizing various plaster ornaments including mouldings, medallions and domes.

Medallions

These beautifully crafted centerpieces are available in many contemporary and traditional designs to complement cornice and panel mouldings. They can also be combined with different sized rings to further enhance your ceiling or elegantly accent any style of lighting fixture.

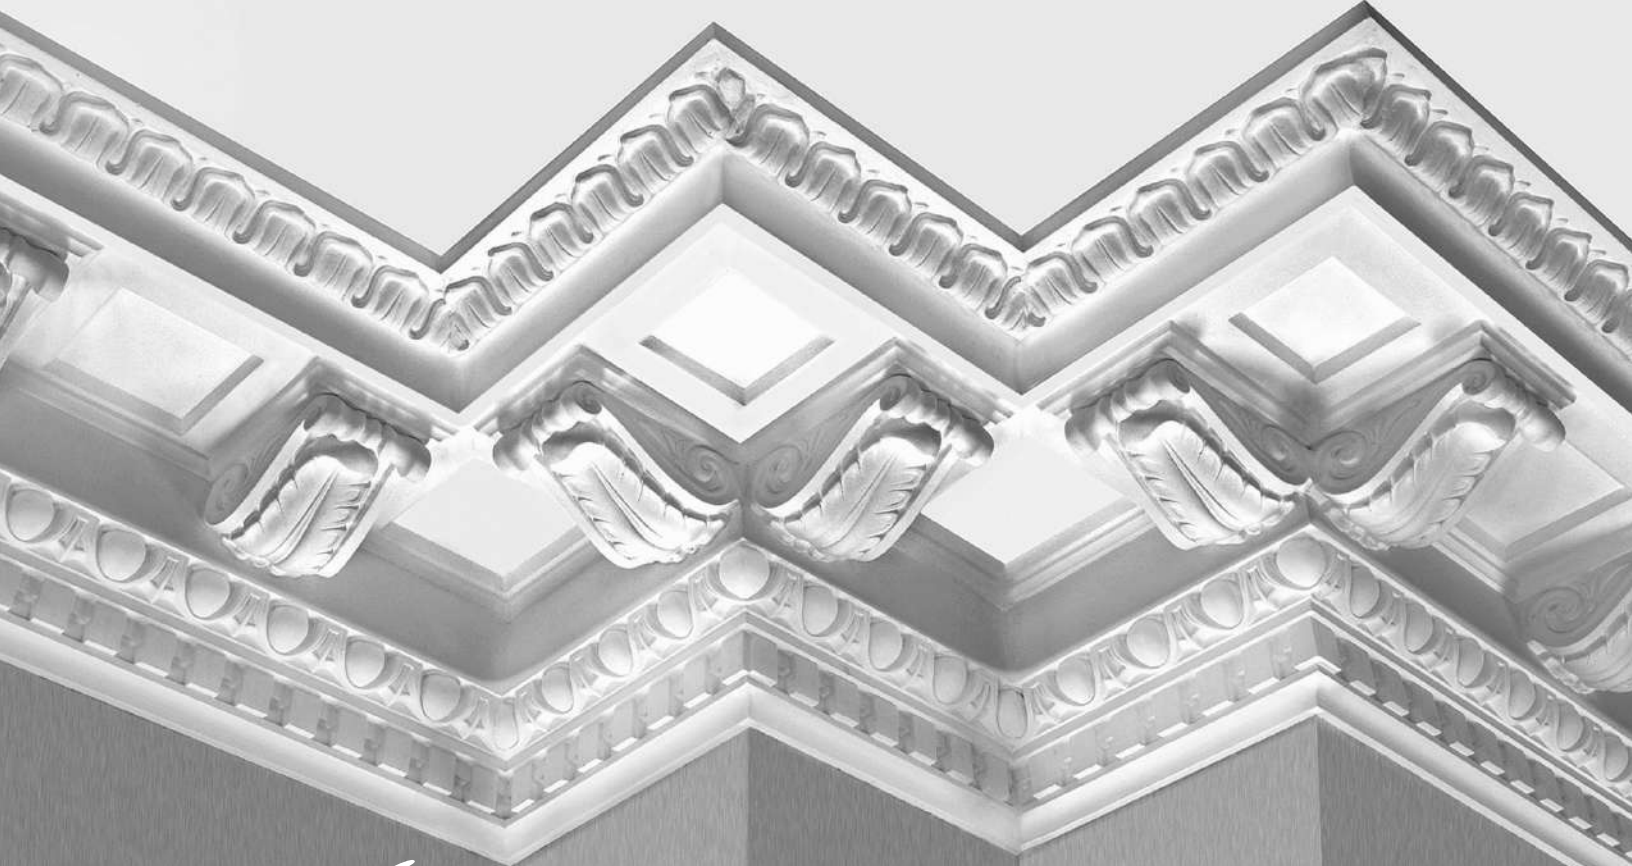

Restoration

Using traditional craftsmanship and modern manufacturing techniques, Elegant Plaster Mouldings can restore original features in exact detail and high quality. Our on-site expertise combined with our fully-equipped plant can ensure successful results to many restoration projects.
