

Prepared Live in your community

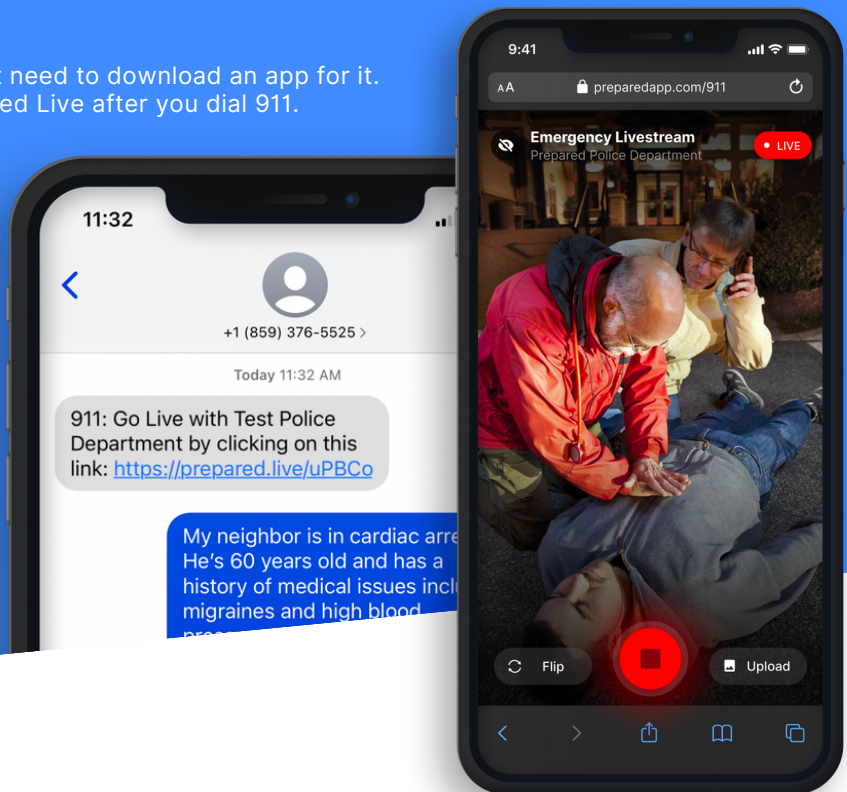

Text and Livestream with 911 in an Emergency

Prepared Live is a platform that allows you to **text** and **livestream** with your local 9-1-1 center in an emergency. After you dial 9-1-1, your 9-1-1 dispatcher may text you a link to Prepared Live. This link is what enables you to share your location and a livestream from your mobile device. By sharing this information, field responders can get eyes-on-scene quicker and deliver faster, better aid.

How Prepared Live Works

Prepared Live is web-based, so you don't need to download an app for it. A Dispatcher will text you a link to Prepared Live after you dial 911.

- 1 Call 911.
- 2 A 911 Dispatcher will text you a Prepared Live link.
- 3 Click on the Prepared Live link and hit "play" to begin Live Streaming.
- 4 You can now text with the 911 Dispatcher and send photos and videos of your situation.

Our Story

Prepared was founded in 2019 by three Yale undergraduate students on a mission to bring lifesaving technology to every community in the United States. Today, our team of 20+ of public safety experts works tirelessly to ensure that you are equipped with modern-day solutions for modern-day emergencies.

Each member of the Prepared team leverages their unique background to help drive meaningful change in the public safety industry. We believe deeply in our values and our actions are motivated by our mission. Together, we approach challenges as opportunities and focus on driving innovation through creativity, inclusivity, and collective spirit.

Prepared Live is currently used by hundreds of public safety agencies across the United States, serving a population of over 35M Citizens, and successfully helping save lives in many communities.

How Can You Use Prepared Live?

IF YOU CAN'T...

SAFELY SPEAK

USE PREPARED LIVE TO...

TEXT WITH 911

If you are in a situation where it is not safe to speak, use Prepared Live to text with a 911 Dispatcher instead.

IF YOU NEED TO REPORT...

A MISSING PERSON

USE PREPARED LIVE TO...

TEXT PICTURES

If you need to report a missing person, use Prepared Live to text photos of your loved one to ensure no time is wasted.

IF YOU ARE...

IN AN ACCIDENT

USE PREPARED LIVE TO...

SHOW YOUR INJURIES

If you are in an accident, use Prepared Live to show the severity of any injuries before EMTs arrive on-scene.

IF YOU ARE...

LOST

USE PREPARED LIVE TO...

SHARE LOCATION

If you are lost, you can use Prepared Live to share your GPS location and livestream your surroundings to help 911 find you faster.

IF YOU...

SEE A FIRE

USE PREPARED LIVE TO...

STREAM THE FIRE

If you see a fire, use Prepared Live to livestream the fire. This helps firefighters "size-up" a fire for emergency response!

IF YOU DON'T KNOW...

HOW TO DO CPR

USE PREPARED LIVE TO...

RECEIVE INSTRUCTION

If you don't know how to administer CPR, you can livestream with a 911 Dispatcher and have them coach you through it.

Prepared Live FAQs

DO I NEED TO DOWNLOAD AN APP TO USE PREPARED LIVE DURING MY EMERGENCY?

No download is required from the caller, before or after the call. Once you click the shared link, Prepared Live will open in your default web browser. Upon resolution of the emergency, the interface will prevent you from continuing to livestream and instruct you to call 9-1-1 should you need to be helped further.

DOES PREPARED LIVE TAKE DATA FROM MY PHONE?

Prepared Live is only able to access media that you share with the 911 dispatcher. It does not access your settings, private data, personal information, or any media that you have stored that you do not share directly with the dispatcher.

DOES PREPARED LIVE TRACK MY LOCATION?

Prepared Live can only track your location while a call is active **and** if you **consent** to sharing your location. Even if you consent, your location cannot be tracked upon the resolution of the emergency.

WHAT IF I DON'T WANT TO LIVESTREAM MY EMERGENCY?

You do not have to livestream if you do not want to and the dispatcher cannot force you to do so. Additionally, the dispatcher will only request that you do so if they believe that it will not endanger you or any other bystanders.
