*ProWalk is a family owned and operated business that is dedicated to providing the horse industry with the best quality system available for exercising. Using a unique drive system, the ProWalk Horse Walker combines power, durability, safety, and convenience for both animal and trainer. Each part of our ProWalk Horse Walker system has been refined to meet expectations that should be demanded of a quality product.*

*Our business at ProWalk is satisfying the requirements of customers who use our equipment in the training and conditioning of some of the finest horses in the world. We take very seriously the trust placed in us by those who choose our equipment.*

*ProWalk Horse Walkers owners range from Professional Barrel Racers, horse tracks from coast to coast, stallion ranches, cutting horse trainers, draft and show horses, to equine veterinarian and rehabilitation clinics. Truly, ProWalk is a name synonymous with quality and dependability in every segment of the horse world.*

*We look forward to you joining the ProWalk Family.*

*Sincerely,*

The Professionals Choice Since 1983
