WWW.PROWALKUSA.COM

ProWalk Manufacturing Company, Inc. is dedicated to providing the horse industry with the best quality system available for exercising. Using a unique drive system, the ProWalk Horse Walker combines power, durability, safety, and convenience for both animal and trainer. Each part of the ProWalk Horse Walker system has been refined to meet expectations that should be demanded of a quality product.

Our business at ProWalk is satisfying the requirements of customers who use our equipment in the training and conditioning of some of the finest horses in the world. We take very seriously the trust placed in us by those who choose our equipment. ProWalk Horse Walkers are in use at racetracks from coast to coast, by individual race and cutting horse trainers, as well as show and work horses. Truly, ProWalk is a name synonymous with quality and dependability in every segment of the horse world.

We appreciate your interest in ProWalk products. If you have any questions or need parts, please contact us at info@prowalkusa.com. We look forward to you joining the ProWalk Family.

Sincerely,

Kim E. Lewis

Operations Director
