

# BOOKSTORE CLEARANCE SALE begins February 14<sup>th</sup> !!!

## REFRESH OUR LIBRARY

We are getting closer to a refreshed library and community room every day! Drywall and paint have been completed on the new wing.

The next step will be for the library to close for 6-8 weeks while we recarpet, paint, add a few new offices and new shelving.

The new wing will house the children's area and an adult reading area. ----->

While our exact schedule is still being determined, current plans call for a library closure starting mid-March, reopening in mid-May or sooner if we are able. We are all looking forward to welcoming the Manchester Community to a Grand Opening Reception sometime in late May.

### READING RECOMMENDATIONS FROM YOUR FRIENDS

***The Ministry for the Future*** From legendary science fiction author Kim Stanley Robinson comes a vision of climate change unlike any ever imagined – not in a desolate, post-apocalyptic world, but a future that is almost upon us. Told entirely through fictional eye-witness accounts, *The Ministry For The Future* is a masterpiece of the imagination, the story of how climate change will affect us all over the decades to come.
