### State of Texas Only Please Read:

The State of Texas requires that we collect and remit sales tax to them. Determine the profit markup you want and add 10% to cover Texas sales tax. While the tax is only 8.25%, This will give you a little cushion and not end up setting a selling price with odd cents. We will send your sales tax to Texas Comptroller on your schools behalf.

### Texas Sales Tax Example

If your school chooses:

- 30% Markup
- 21.75% - Profit 8.25% Sales Tax
- 20% Markup
