Career Conversations

*A Language and Process to Shape
Futures through Purpose and
Belonging*

Help students connect their interests to pathways through reflective dialogue that builds career curiosity, opens up possible futures, and fosters a sense of belonging in work and learning.

Seven On-Line Lessons

- Approximately 1 hr of learning per lesson at your own pace
- Upload examples of how you're leading career conversations
- Receive personalized feedback from our team
- Attend optional virtual sessions including:
 - An Introduction to Career Connected Learning
 - Office Hours with our team for feedback and exchanges of best practices

Guide students to identify what matters to them, connect their values to potential pathways, and explore future possibilities through reflective dialogue.
