

Portable Bariatric Floor Scale 6800

**24 inch square
low-profile platform
with built-in
carrying handle.**

Battery or AC Power • BMI Calculation

Weight display mounting bracket included for wall/desk mount.

6800 PORTABLE BARIATRIC FLOOR SCALE

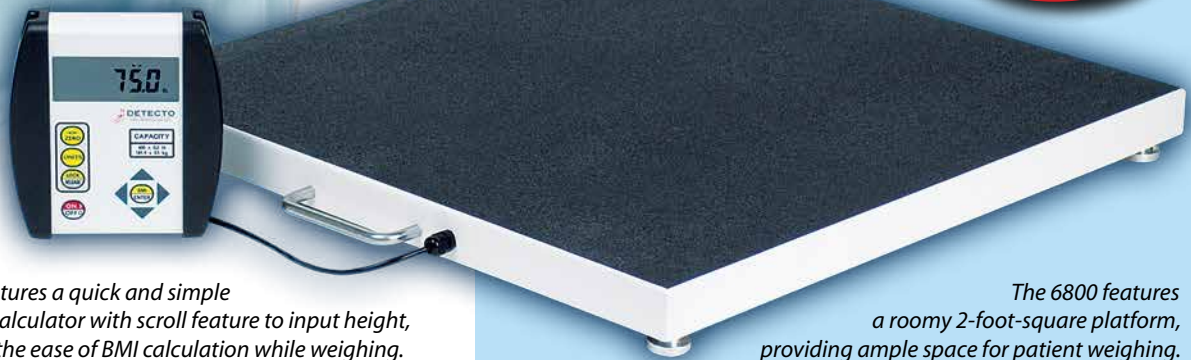

Ideal for any clinical application, this scale is low profile for patient comfort when stepping on and off the scale. With a built-in carrying handle, Detecto's model 6800 scale is easy to transport from office to office. Utilizing Detecto's model 750 weight display and a universal bracket (included), the indicator may be mounted on a wall or desk for easy viewing. Powered by "AA" batteries, this scale is truly portable when power outlets are not accessible. It comes with a 10-foot-long cable from the indicator to the scale.

FEATURES:

- Highly accurate digital weight display with Body Mass Index calculation and easy-to-read LCD.
- Lightweight design, battery power, and carrying handles make it ultra-portable for convenient patient weighing wherever needed.
- Low-profile platform provides easy access.
- Skid-proof and soft, but durable black rubber mat for patient ease and comfort.

COMPACT DESIGN

Detecto's 6800 features a quick and simple Body Mass Index calculator with scroll feature to input height, which allows you the ease of BMI calculation while weighing.

The 6800 features a roomy 2-foot-square platform, providing ample space for patient weighing.

VERSATILITY

Detecto's 6800 features an integral carrying handle and a lightweight design, so you may transport this battery-operated scale to any office, room, or home. This lets the weighing come to the patient! With an 800 pound capacity, the 6800 may be used for weighing every patient type from child to bariatric.
