

Tiderock Companies Enters the Global Marketplace With Strategic Acquisition of GRP Alliance Limited

GRP Alliance Special Acquisition Company Provides Immediate Entry into the Aerospace, Marine, Rail and Entertainment Markets

Tiderock Companies, Inc. (“we”, “our”, or the “Company”), (OTC: TDRK) is pleased to announce today it has completed the acquisition of GRP Alliance Limited, a Limited Company formed in the United Kingdom. GRP Alliance was formed for the specific purpose of acquiring the assets of MTAG Composites Limited out of Administration. MTAG was formed in 2002 and has been providing composites to global companies since its inception. GRP Alliance, to be renamed Tiderock Composites, has the benefit of a team with over two decades of experience providing quality, ISO 9001 accredited composite products to global companies.

In the coming weeks, GRP Alliance Limited will proudly rebrand as Tiderock Composites Limited, embarking on an exciting new chapter. Under the Tiderock Composites name, we will build on relationships that have been carefully cultivated over decades, with the advantage of streamlined operations, a healthy balance sheet, and a clear growth trajectory across multiple industries.

Our facility in Coningsby, Lincolnshire, UK, has long contributed to the local economy and community by providing stable employment and economic support. Tiderock is committed to retaining this facility and expanding our operations within the same industrial space, reinforcing our dedication to the area’s prosperity.

The terms of this strategic agreement include the issuance of 1,300,000 Series C Convertible Preferred Shares and an initial down payment of \$200,000, which includes funds advanced over the past eight months for due diligence and administrative support.

Throughout this transition, the composite company has remained operational, thanks to our team’s dedication and commitment to serving our strategic clients. Many of our customers have already begun placing orders in anticipation of an exciting 2025. We are extremely optimistic about the future and our potential to surpass previous revenue milestones, bringing unprecedented success to Tiderock Composites and its stakeholders.
