Dinner On The Grounds

The tradition of visting cemeteries, especially in the South, was often a call to gathering, It was a time to see relatives and friends, to reminisce, and to enjoy a common greenspace. Cemeteries, published by Keitehr Eggener of the University of MIssiouri, has over 600 archival photos, from rural cemeteries to memorial parks. The book explores the evolution of cemeteries in America as a distinct place, connecting living and deceased. On the web site atlasobscura.com, Jonathan Kendall addresses the popularity of cemetery picnicing as part of the late 19th century rural cemetery movement while noting the practice has ebbed & risen in many cultures and countries over time. The trend subsided in 20th century America as some visitors left garbage or caused slight damages and also communities built more parks and public spaces for recreation.

Mississippi's Oldest Cemeteries

We know that our Edmondson Cemetery goes way back. With the formation of Pisgah Presbyterian Church, Hello to everyone later Edmondson Presbyterian, in 1844 and the cemetery adjacent, our burial grounds are old but not the oldest in the state...nor the most unusual.

Settled in 1699, Biloxi was the first settlement in Mississippi. Though there were surely earlier burials, the earliest gravestone in Biloxi Cemetery is dated 1811. It is inscribed in French! The Clinton Cemetery in central Mississippi was established a decade earlier, 1800, but its oldest gravestone is dated 1815.

Rose Hill Cemetery founded in 1853 in Meridian is home to some interesting gravesites, including those of the King and Queen of the Gypsies.

Greenwood Cemetery in Jackson is that city's largest green space and was formally designated by an act of the State Legislature effective January 1, 1823.

The cemetery behind Pleaant Valley UMC in Foxworth, MS is the resting place of Sylvester Magee. Magee was America's last slave and the nation's last Confederate veteran and the last Union veteran. Born in 1841, he died in 1971 at the age of 130 years. At the time of his death he was the oldest person in America.

The county seat of Monroe County, Aberdeen, was incorporated as a town in 1837. And the oldest marked grave in the Aberdeen cemetery is from 1838

Springhill Cemetery was established in 1836, with the founding of Desoto County and its seat, Jefferson, now known as Hernando in the newly-taken Chickasaw Cession. By the time of the last major yellow fever outbreak in 1878, there were hundreds of graves, many or most unmarked today. Only 6 monuments date after 1900.

Annual Cemetery Association Meeting

Did you ever think you would receive a letter from the President in our annual newsletter? Well neither did I think I would ever write one, but then came the year 2020 so I don't think I need to say more. I truly hope this finds everyone safe, healthy, and in good spirits. The board of directors had its April meeting in July or August and discussed the grounds finally getting back in good shape due to a very wet spring and more than normal number of funerals. We also discussed meeting places not being available for board and annual meetings this year so now comes the sad reason of my letter: there will NOT be an Annual meeting the last Sunday in October. As you know this is certainly not what we wanted, but it is still 2020 and hopefully things will get better in 2021; if so we may have a meeting before next October to catch up . We do plan on having our November board meeting and please feel free to contact any board member with any issues or concerns you may wish to have addressed; please do so by the first week of November. The board will stay focused on our business at hand and try to keep y'all informed of anything major in the near future. I know I have rambled but as you know that is me in person or writing! Thank you for understanding the situation.

Reminder on Decoration Guidelines

January 24, 2018

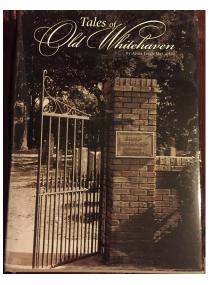

Dear Association Member,

We are sending this notice to all Edmondson Cemetery Association members as as result of discussion from the October 2017 annual meeting regarding cemetery decorations. The board decided that is was time to emphasize our guidelines again on allowed decorations, which are as follows:

Flowers in small cases, wreath, garden status or small flags may be placed at the headstone. All items shall be a maximum height of 12". A limit of two decorations may be used at any one time. The board has authority to remove any decoration that it deems unacceptable after notifying the family.

This will help maintain the historical nature of the cemetery and at the same time be sensitive families that have loved ones buried there. Please share this letter with other family members as we do not have everyone's mailing information. If you have any questions or concerns you may contact any board member.

Respectfully, **Edmondson Cemetery Board of Directors**
