Compatible

Streamline your setup with quick-connect barrel unions designed specifically for UPVC pipes. These unions ensure swift and efficient connections, simplifying installation and maintenance processes for your UPVC pipe system.

Clear plastic lid for enhanced visibility.

Hydrodynamically optimized impeller and diffuser design is meticulously crafted to enhance hydraulic efficiency. This dynamic duo ensures optimal water flow, contributing to the overall performance and energy efficiency.

Large strainer basket for efficient debris capture, providing enhanced protection for the impeller and contributing to the overall longevity and performance

Inlet is thoughtfully designed to facilitate a smooth and efficient intake of water into the pump system, ensuring optimal performance and effective circulation.

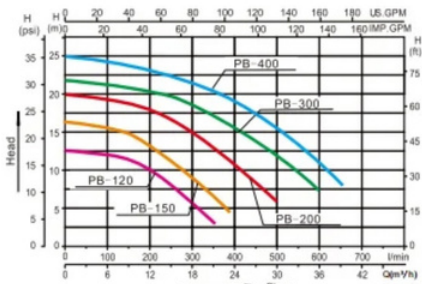

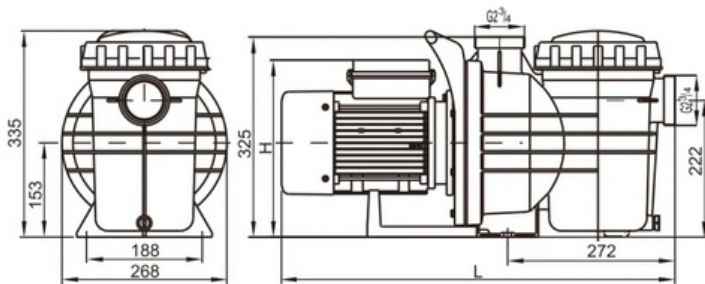

High-performance motor boasting an IPX5 rating, crafted with a stainless steel motor shaft. Built-in fan-cooled system ensures optimal functionality, thermal overload protection enhancing the durability and safety of the motor.

Convenient drain plug for easy water drainage and maintenance.

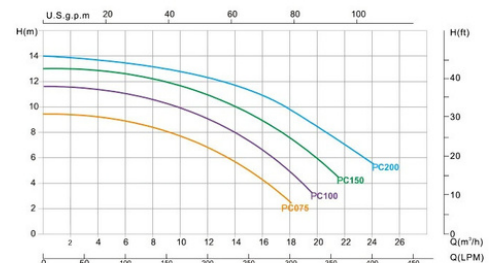

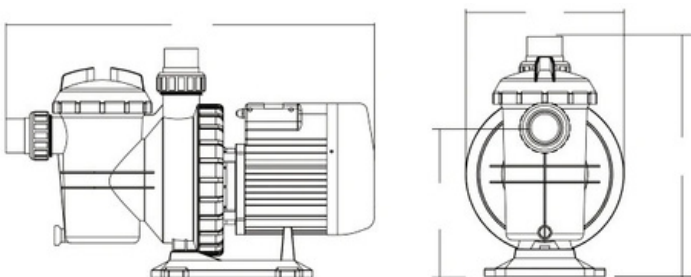

Sturdy and expansive support base for enhanced stability and reliability.

MODEL	Qmax (L/Min)	Hmax (m)	Power (P1)	
			Input power (KW)	Horsepower (HP)
PB - 100	350	12.5	0.97	1.0
PB - 150	380	16.5	1.1	1.5
