PRODUCTS

ACCESS CONTROL SYSTEM

FIRE SUPPRESSION SYSTEM

INDUSTRIAL STORAGE TANKS

These tanks are fabricated using the highest grade of "Zincalume Steel" as MOC, which lasts up to four times longer than galvanized steel. Zincalume steel, a premium material, complies with requirements of Indian Standard - IS 15961, International Standard - ISO 9364, Australian Standard - AS 1397 and American Standard - ASTM A 792M.

Zincalume steel is manufactured by a continuous hot dipped metallic coating process. The alloy coating of Zincalume steel provides excellent corrosion resistance and has been found to possess greater resistance to cracking and peeling. Zincalume steel has an alloy coating of 55% Aluminum, 43.5% Zinc and 1.5% Silicon. The 150g/m² (with option of 200g/m²). These tanks are used for various applications like Fire Water, Raw Water, Drinking Water, Domestic Water and many more.
