

Sheepscot Lake Association Newsletter

June 25, 2021

Welcome back everyone to our beautiful lake and I hope you are getting a chance to get outdoors and enjoy all it has to offer. I also would like to thank everyone that has joined our association this year and to all the SLA members for supporting our efforts to improve the Lake. Please share our information with friends and family and encourage them if they have already joined us to check out our website at <https://sheepscotlakeassociation.com> and consider becoming a member.

COVID-19 is the last thing any of us would have expected to impact us the way it has and as quickly. The SLA Board of Directors hope that you and your family members are well and remain that way. With the COVID-19 restrictions being changed under the guidelines of the CDC and the Maine Governors office, we now have the opportunity to come together in group settings.

On July 4th we are looking forward to having our annual boat parade that will kick off at noon from the boat ramp located on Route 3. This event continues to grow each year with the participation of several boaters and families along the shorelines enjoying the parade and is one of the highlights of the summer.

We are also coming up on our annual Sheepscot Lake Association meeting that is to be held on Thursday July 15th at the Palermo school starting at 7:00pm. Doors will open at 6:30pm. One of the items on our agenda at the annual meeting will be elections for our Board of Directors. This year we have five (5) positions for the Board of Directors up for election. If you are anyone you know may be interested in being a member of the board, we encourage you to submit your name as a nominee for the upcoming election to be held at the annual meeting. Nominations may also be accepted at the annual meeting as well. The following current members of the Board of Directors that will be running for re-election this year are Maria O'Rourke, Joe Burke, and Pam McKenney.

We are also looking for anyone who may be interested in being part of a team to help in the following programs such as our Courtesy Boat Inspection, Lake Smart, and Water Quality programs, along with the annual Loon count to name a few. If you are interested there will be an information table at the meeting to get more information. These are great ways to get involved and help be a part of something special. For more information you may also reach out to us either by email, or on our Sheepscot lake Association facebook page or the website.

Thanks,

Slater Claudel

Sheepscot Lake Association President
