# Internship Opportunity

---

## **Interns Needed! MFCC/PPS**

ICSI is looking for candidates who would like to take advantage of an internship Opportunity available for PPS and MFCC trainees with Integral Community Solutions Institute and Madera Unified School District. The placement is at Ripperdan Community Day School and/or Mt. Vista High School. The population is serving youth who have encountered issues in the comprehensive school system and have a need for mental health services. Students are primarily High School aged but also include grades 7 and 8.

MFCC/PPS graduate students preferred with ability to communicate in Spanish as well as English." Reinforce client centered micro skills and learn mindfulness in practice. Be part of ICSI's State Department of Public Health research on "atencion plena" and "platicas" as part of a statewide study on promising practices in cross-cultural contexts in the schools and marginalized communities.

Modalities include Individual sessions, substance abuse and addiction groups, and assistance in expressive arts music based Hip-Hop Therapy groups.
