

Cancellation/No Show Policy

If you need to cancel or reschedule a visit, we require that you call the day before your appointment. Otherwise, you will be charged a \$25.00 no-show fee. This fee is not covered by insurance.

Repeated no-shows may result in dismissal from the practice.

We understand that there may be infrequent times when you must miss an appointment due to an emergency, and we will try to work with you during such times.

Our goal is to provide excellent care to our patients. Our no-show policy helps us ensure efficient and effective scheduling so that patients may be seen by their doctor as quickly as possible.
