

# Let's Talk

In 2015 **Let's Make It Happens** saw human need grow at an alarming rate! Our human service organizations struggling to help everyone they could—without additional money or supports. Many people received little or no help. Sadly, many organizations collapsed and had to close their doors.

▶ **Imagine** if an agency provides a person the best service available and within their capacity, but can be confident that complimenting supports are available?

▶ **Imagine** if every person who came needing help walked away standing a little taller with a little more hope—empowered? **Yes, that's what we need.**

*You are invited. . . .* **Let's = Let Us.**

Together, **we can bring to life our vision** of stronger motivated community individuals and agencies, all moving to our next level of better—setting **our own standards of excellence & achievement goals**

**Empowering People**  
'To Thrive, not just Survive'  
**Helping You Help YOU!**

**Let's... connect and collectively:**

- ▶ create safe community space to talk, share, heal, and grow our ideas
- ▶ get /create the opportunities (the 'better') needed in our community
- ▶ *take action & be involved* to make positive change for ourselves
- ▶ repair what is weak and broken
- ▶ keep what is strong and make it stronger.

**Empower Agencies**  
Our Community's essential service providers.  
**Keep Doing What You Do Best!**

**Let's... network so we can:**

- ▶ Strengthen and innovate community service delivery,
- ▶ synergize efforts and maximize our assets
- ▶ create collaborative 'pathways to wellness'
- ▶ trigger positive change/impact on multiple levels for our communities.

*Say Yes!* **Let's Do This...** We know the statistics, we see the disparities, each day we all fight for dignity and a healthy community. [Click here...](#)
