Section 1  PURCHASE OF LOTS

The Town of Burnham Selectmen decreed all Cemeteries as full and closed to further burials with the exception of the Town Cemetery Annex on Troy Rd. If a person desires burial in any other town cemetery, and they can prove other family members are buried in that Cemetery, the process is listed in Section 1.2 to petition for burial in that Cemetery.

1.1 Persons desiring to purchase a lot in the Town Cemetery Annex or Annex “A” are referred to the Town Treasurer. The Treasurer will have available suitable plots showing size and price of lots and such other information as may be required and will contact the Cemetery Sexton to render assistance to those desiring to make lot purchases. Upon having made a lot selection, the Treasurer will complete the sale and the deed issued. Once a plot is sold, the Cemetery Sexton will stake out the plot.

1.2 If burial is desired in any Town Cemetery other than the Village Annex follow these procedures.
   a. Contact the Cemetery Sexton for help determining where an empty plot might be found in the cemetery and how to get in touch with a company capable of checking for an empty plot.
   b. Contact a company capable of using ground-penetrating radar to verify the desired space or some other space is empty of human remains and available. (This is at the petitioners cost.)
   c. The Company must provide a notarized statement to the effect that the space in question is clear of human remains to a depth of six feet (6’).
d. Call Burnham Town Hall and schedule time on the Selectmen Agenda for a Monday night to Petition the Selectmen.

e. Bring the Statement from the Ground Penetrating Radar and state the request for burial.

f. If the petitioner wants to be buried in an urn within another family members plot, or wants to bury a cremated family member within another family members plot, they should petition the Selectman for permission to bury the urn in the closed cemetery.

1.3 There are certain plots which were identified as available and marked prior to the closing of the cemetery; these still require petitioning the Selectman before a cemetery committee member may open the plot for burial.

**Section 2**

**OWNERSHIP AND TITLE OF LOTS**

2.1 The term "Lot Owner" or "Ownership" shall be construed to mean the rights to use a lot or part of a lot, as purchased from the Town for a consideration for burial purposes only, and under the rules and regulations as prescribed by the Town for such use.

2.2 Upon full payment of the purchase price of a lot, a deed will be issued will be recorded in the records as evidence of ownership of the lot.

2.3 All burial rights in cemetery lots purchased from the Town occupy the same position as real estate at the death of the owner. Only such persons as names appear on the Cemetery records of the Town will be recognized as owners or part owners of lots. In case of the death of a lot owner, when the Cemetery lot is disposed of by will, a certified
copy of the will shall be delivered to the Cemetery Committee before the Town will recognize the change in ownership. If the deceased lot owner left no will, a certified copy of the proof or heirship made in the District Court must be presented to the Cemetery Committee. Lot owners, in making their wills, should include the cemetery lot and assign the rights for it to one person.

2.4 The title to a cemetery lot invests in the owner the right to use such lot for burial purposes only, for themselves, their heirs, or for any such persons as they may choose to admit, provided such admission is free of charge and without compensation and in accordance with the Cemetery Rules and Regulations.

2.5 The lot owner cannot resell or transfer their lots to any person or persons whomsoever, without written notification to the Cemetery Committee. However, such unused portions of the lot as the owner may desire to dispose of may be listed for sale with the Cemetery Committee. The Town, however, assumes no obligations for making a satisfactory sale of such lots or portions of lots.
