Old Business

Transfer Station Update from MMA Loss Consultant: Looked at letter, Note  
working on open items. No action needed.

General Discussion; None

Plymouth Engineering: Update on Pending Projects;  
Received E Mail saying they got our Contracts.  
They will get started on both Transfer Station and Mill Bridge as time permits.

Brian Levesque: Friends of Lake Winnecook; Brian would like an article on  
Warrant asking for all of the Boat Excise Tax for 2021 instead of the 1600.00  
they got in 2020. Note they didn't use all of the 1600.00 this year. There plan is  
to use \$1600.00 toward the courtesy boat inspector with the remainder to go to  
the grant application. He went on to say Burnham Residents would not have to  
pay to launch boats at Kanokolus landing.

New Business

Town Office Maintenance: Gutter over top step. After some discussion Cay to  
call Chris Cook to see if he could put one on.  
Also talked about getting price on rebuilding porch, porch steps and roofing over  
stairs.

Salt/Shoveling/Ice removal on walkways: WM to purchase new shovel and more  
rock salt
