Application - Class of 2023

Thank you for your interest in Leadership Lake County, an independent 501(c)3 leadership program established in 1990 and dedicated to the development of Lake County and its community leaders. Our goal is to provide a forum for participants to **increase their awareness and commitment** to the development of the Lake County community. The program provides a greater understanding of the complex social and economic issues that are shaping the future of Lake County and its residents. By raising the levels of awareness, knowledge, and active participation in the county as a whole, class members are **better prepared to lead the county** in the future.
