

# Your Special Day, Our Special Place

Luccock Park weddings are peaceful, stunning, and blessed with epic views. Our seven-acre meadow, and quaint chapel make versatile backdrops for your wedding.

Arrive the night before for set-up and kicking back with your family and friends, or plan for late night dancing under the stars and cabin slumbers for your wedding guests. Our goal is to help you celebrate your marriage in a way that will add joy to your day, and wonder to the stories you will tell of your time here.

## Helpers

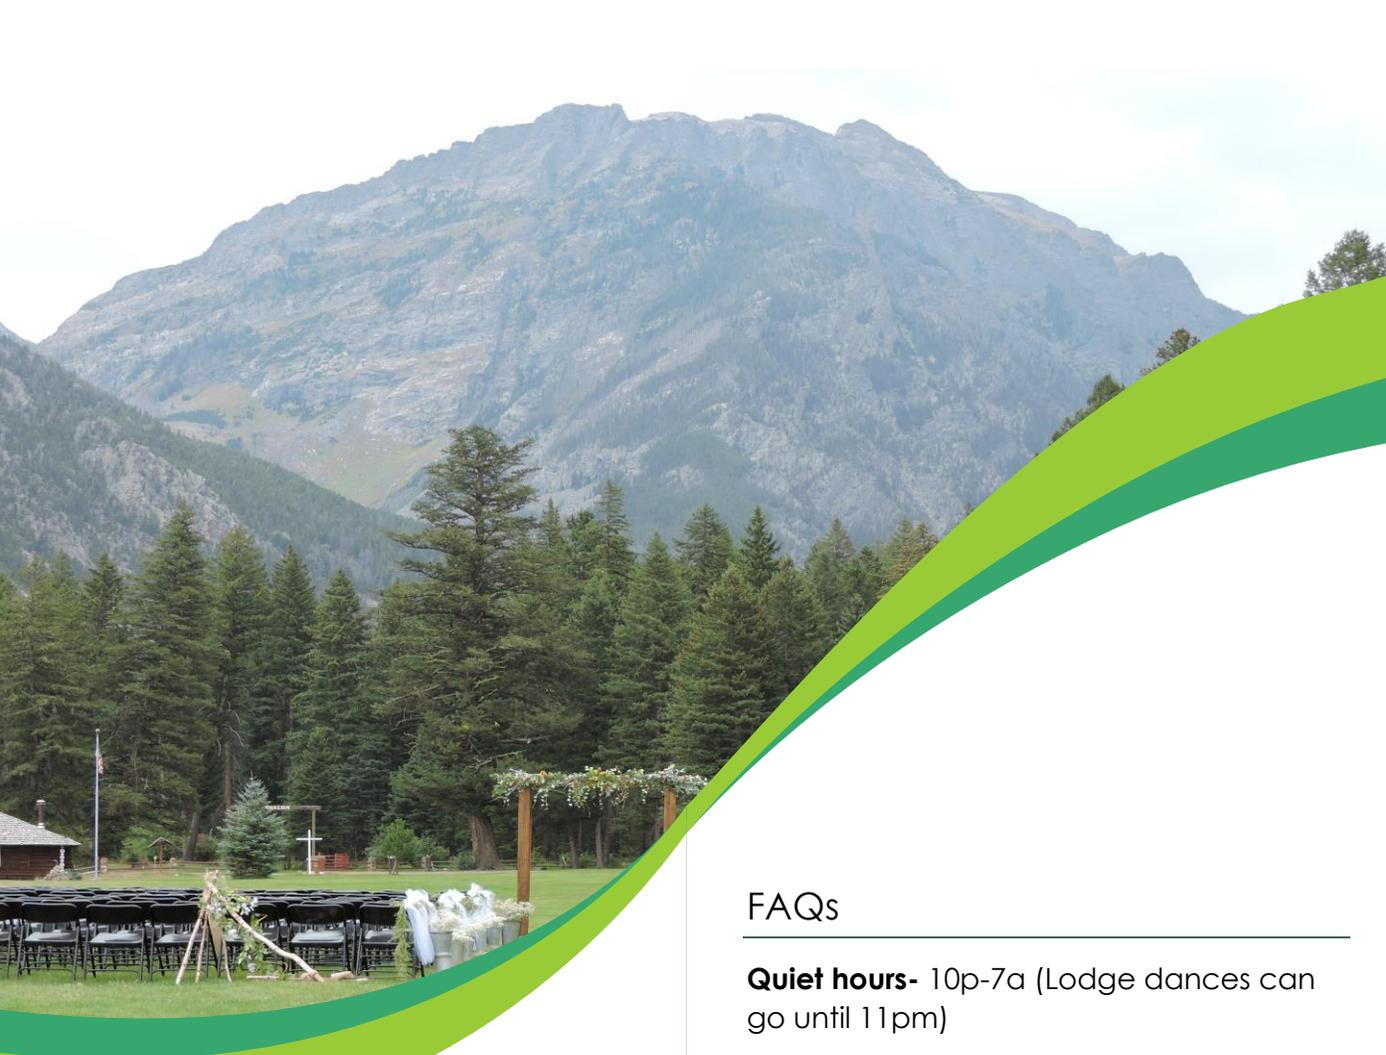

---

Our prices reflect the fact that most bridal parties are blessed with people who want to help, to lend a hand, to be part of your day. You get to set-up and take-down tables, place the chairs wherever you would like them, and decorate to your hearts content. All we ask is that at the end of the event, everything is put back where you found it, and the grounds are as pristine as when you arrived. For a small additional cost, we can do the set-up and tear-down, if you would rather.
