Today things are immeasurably worse than in the past. The Bushes run with the Blairs and Putins and Berlescos with the Agnellis, Schroeders and Sarkosys, Chiracs and Browns. The stench of this bunch makes even the crowd whince!! The USA, with British Empirical support, installs Saddam Hussein and then cries wolf when he begins to initiate economic reforms and refuses to roll over at Bushes command. Al Quaeda is bankrolled by the CIA so too is ETA, the IRA and all other state sponsored terror. As soon as the Taliban begin to introduce sweeping social reforms and not paying heed to American dictates then they have to be de-stabilised. This chicanery goes much deeper than many of you imagine for example how many of you realise that the Bank of England is a PRIVATE COMPANY? (See Bank of England Act 1694). I'll say that again just in case you missed it.. The Bank of England is a private company with an issued share capital and the reigning monarch is a principle beneficiary and shareholder and Gordon Brown, politician, Prime Minister, Blair's Ex-Bagman & Chancellor well knows this. Still think the system is fair? Was it ever? How many of you realise that the sham of democracy has always been an illusion of choice, an illusion to give the impression of choice where non in fact exists. How many of you realise that all the candidates for parliamentary selection are pre-screened and pre-selected long before they are allowed access to government secrets. All of them are "made" men before they were permitted anywhere near high office. And "made" men have to be re-lied upon to keep the lies they tell!

EVERYTHING HAS A PRICE .....

These are just a few of the comments of the founding fathers of the good 'ol US of A who went to America to escape the clutches of the moneylenders and tyrannical monarchies who stood over the corpse of liberty and free enterprise in the Europe of the late seventeen century. The heroes who sought to bring down these international pariahs and money cartels were hounded to their deaths, discredited or otherwise scandalised by the "weight of money." Louis McFadden, a case in point, so too Abraham Lincoln. McFadden is remembered for his criticism of the Federal Reserve, which he claimed was created and operated by European banking interests who conspired to economically control the United States. On June 10, 1932, McFadden made a 25-minute speech before the House of Representatives, in which he accused the Federal Reserve of deliberately causing the Great Depression. McFadden also claimed that Wall Street bankers funded the Bolshevik Revolution through the Federal Reserve banks and the European central banks with which it cooperated. In 1932, he moved to impeach President Herbert Hoover, and also introduced a resolution bringing conspiracy charges against the Board of Governors of the Federal Reserve. In 1933, he introduced House Resolution No. 158, Articles of impeachment for the Secretary of the Treasury, two assistant Secretaries of the Treasury, the Board of Governors of the Federal Reserve, and the officers and directors of its twelve regional banks. There were attempts on McFadden's life. He was shot once, but escaped, and he narrowly escaped poisoning once by the presence of doctor. McFadden died due to some form of poisoning in 1936 on a visit to New York City.

## DEMOCRACY? IT'S AS DEAD AS DISCO!

the mass? Cowardly leaders always hide behind the veil of democracy. How can a fluctuating majority of people ever be made responsible in any case? Isn't the very idea of responsibility bound up within the concept of individuality? BUT can an individual directing a government be made practically accountable or responsible for actions whose preparation and execution must be set exclusively to the account of the will and inclination of a multitude of men? Committees don't make decisions men do. Mobs and committees don't create art or make scientific discovery: individuals do. Isn't every deed of genius in this world a visible protest of genius against the indolence and inertia of the mass? Cowardly leaders always hide behind the veil of democracy.

**THE BIG BILL YOU ARE GOING TO HAVE TO SWALLOW**  
it is all about - keep it!  
The elected majority parliamentary slight-of-hand trick which has fooled most of you needs consigning to the history books as another failed attempt at mass control of angelic minds. Here's why! What should give you the most food for thought is the obvious flaw you all protest within your parliamentary system but seem powerless to fathom the cause of the reason d'etre of the impasse. It is your stumbling block and the OVERWHELMING AND FATAL FLAW OF DEMOCRATIC GOVERNMENT and it is as follows:

**THE VILE MONEYLENDERS BACKED BY THEIR PARLIAMENTARIAN RAT-PACK SCAM-MONGERS AND MEDIA PROPAGANDISTAS**  
The parliamentary rats are public enemy number TWO: they poison our nation and our children's minds with their lies and half truths, allowing everything to slide into apparently harmless mediocrity as they gnaw at the heart of the broad masses with their rubbish promises and media propaganda. The press and the media—day by day—empty poison by the bucket full into the mind of our youth and young adults and then everyone expresses amazement, nay astonishment at the low moral content of the nation and our children? Their policy is to TELL/show you (via grade manipulation) that you're getting smarter when in fact though, **you're all getting dumber!**You call them idiots but look whose being duped? So please ask yourself who's promoting this "official reality programme?" Who's generating the time-tables? Who's producing the school curricula? Who's providing the drugs and the booze and the re-payable loans for the 18 year olds and who's giving the financial credit? Who's providing the violence in the cinema and on the TV and saying it's OK for our children to digest this junk and assuring you it'll have no effect? Who but the politician with his committees reports and white-papers is capable of producing this diabolical nonsense and opening our borders to terrorism, drugs and economic rape? Our schools become institutions for the breeding of slaves and slaveholders. Religion becomes a means of stultifying the people and making them easier to exploit. Morality becomes stupid sheep-like patience. There is nothing that the parliamentarian hasn't dragged through the mud to a terrifying depth. The brutal daily press, their ADC, shunning no villainy, employing every means of slander, and lying with a virtuosity that would bend iron beams & all in the name of this gospel of a new humanity. Well if this is what humanity is all about - keep it!

**An obvious absence of responsibility resting in any single person.** Look at your so called democracy - it arrives at some decision whose consequences may be ever so ruinous - nobody bears any responsibility for this for no one can be taken to account. And even if the guilty party, govt resigns after an unparalleled catastrophic debacle, can it be called an acceptance of responsibility? Or even if the coalition changes or parliament is dissolved? How can a fluctuating majority of people ever be made responsible in any case? Isn't the very idea of responsibility bound up within the concept of individuality? The parliamentary rats are public enemy number TWO: they poison our nation and our children's minds with their lies and half truths, allowing everything to slide into apparently harmless mediocrity as they gnaw at the heart of the broad masses with their rubbish promises and media propaganda. The press and the media—day by day—empty poison by the bucket full into the mind of our youth and young adults and then everyone expresses amazement, nay astonishment at the low moral content of the nation and our children? Their policy is to TELL/show you (via grade manipulation) that you're getting smarter when in fact though, **you're all getting dumber!**You call them idiots but look whose being duped? So please ask yourself who's promoting this "official reality programme?" Who's generating the time-tables? Who's producing the school curricula? Who's providing the drugs and the booze and the re-payable loans for the 18 year olds and who's giving the financial credit? Who's providing the violence in the cinema and on the TV and saying it's OK for our children to digest this junk and assuring you it'll have no effect? Who but the politician with his committees reports and white-papers is capable of producing this diabolical nonsense and opening our borders to terrorism, drugs and economic rape? Our schools become institutions for the breeding of slaves and slaveholders. Religion becomes a means of stultifying the people and making them easier to exploit. Morality becomes stupid sheep-like patience. There is nothing that the parliamentarian hasn't dragged through the mud to a terrifying depth. The brutal daily press, their ADC, shunning no villainy, employing every means of slander, and lying with a virtuosity that would bend iron beams & all in the name of this gospel of a new humanity. Well if this is what humanity is all about - keep it!

### THE BIG BILL YOU ARE GOING TO HAVE TO SWALLOW

The elected majority parliamentary slight-of-hand trick which has fooled most of you needs consigning to the history books as another failed attempt at mass control of angelic minds. Here's why! What should give you the most food for thought is the obvious flaw you all protest within your parliamentary system but seem powerless to fathom the cause of the reason d'etre of the impasse. It is your stumbling block and the OVERWHELMING AND FATAL FLAW OF DEMOCRATIC GOVERNMENT and it is as follows:

**An obvious absence of responsibility resting in any single person.** Look at your so called democracy - it arrives at some decision whose consequences may be ever so ruinous - nobody bears any responsibility for this for no one can be taken to account. And even if the guilty party, govt resigns after an unparalleled catastrophic debacle, can it be called an acceptance of responsibility? Or even if the coalition changes or parliament is dissolved? How can a fluctuating majority of people ever be made responsible in any case? Isn't the very idea of responsibility bound up within the concept of individuality? BUT can an individual directing a government be made practically accountable or responsible for actions whose preparation and execution must be set exclusively to the account of the will and inclination of a multitude of men? Committees don't make decisions men do. Mobs and committees don't create art or make scientific discovery: individuals do. Isn't every deed of genius in this world a visible protest of genius against the indolence and inertia of the mass? Cowardly leaders always hide behind the veil of democracy.

## DEMOCRACY? IT'S AS DEAD AS DISCO!

RE-VOLUTION

Time and time again we have heard you ask: "But what can be done?" Time and time again you have ended your conversation with your friend, neighbour or casual passer concluding: Ah well, but what can we do about it .... We're powerless!! Well, you're not any more - if you decide NOT to be. We ask you to release that victim mentality and become part of the most revolutionary movement that's hit this planet since Jesus Christ. A movement is afoot. You can feel it as you take out the trash in the morning, as you watch the lies stream forth from the news presenters mouths in the evening, as you pay your taxes and see your wealth evaporate before your eyes, you can feel that something is about to break. This madness cannot continue. So now you no longer have an excuse. You cannot any longer claim that you don't have a peoples' champion willing to stand up and fight your case. You can no longer protest: "If only I had the courage" or "If only I had the power" or "If only I knew their secrets" or "If only I had more knowledge , money or time!!" Now you have all of that and much, much more: you have movement: you have

TIME FOR RE-VOLUTION

Does anyone still believe that parliamentary democracy is an acceptable form of consensual government when the carriage of trust has been disconnected from the engine of truth? Does anyone still believe that capitalism works as a suitable system of wealth distribution...for anyone other than the capitalist, industrialist banker? Country wide and world-wide we hear the same old complaints and the same old moans from the hardworking, impoverished and broken backed work force & citizenry? Why is life not getting any easier? Why is there no accountability in politics any longer? Why do our parliamentarians treat us with absolute disdain? Where are all the spying devices, surveillance devices, drugs and terror coming from? Why do banks charge more & more and their obscene profits benefit no one? The promises became the lies and were handed to you, the electorate, over the past 40 years and have ensured a systemic demise of your lifestyle and all your civil liberties and freedoms. And who is responsible for this? 5 principle politicians:- Wilson, Heath, Thatcher, Major and Blair. Just 5 party leaders—look what they have left in their wake? Lie followed by lie upon lie when they proclaimed truth. Qui bono? Who benefited? Over time this systemic demolition of your trust and ability to fend for yourselves has ensured you have wrapped yourselves in your own shroud—this shroud you call a society. You've become a consensually pasteurised obedient herd of "sheeple" too scared to take the next breath for fear of retribution, fine, monitoring or public official complaint, violation or close down. Pathetic! You may as well be dead for the life you lead is nothing short of semi-destitute controlled slavery with the masters laughing up their sleeves at you in their dis-believing of just how easy it has become to have you jump their hoops. Where have all the heroes gone? Where is all your promised wealth? You have none. All you have been laboured with is the old usurers saddle of debt which again and again chafes you to the bone, but will you ever awaken to the trickery? (You will soon as the next major, engineered, credit squeeze is coming your way 2007/08!) In just 40 years from Wilson to Blair these heinous, criminally insane elected power hungry moguls of irresponsibility and their MP followers, those attendance-fee scavengers, those knights of the pen and the slick lie have deceived and lied you all into the present absolute shameful state of affairs whereby your every living act is criminalised and scrutinised by a government that tells you what to do and when you'll do it. A government that keeps secrets and lies to you, kills your whistleblowers and sends your youth to foreign battlefields unjustifiably on any account and illegally on every account but when challenged refuses to heed to consensual outrage of the people on any account whilst the Queen merrily dances along seemingly oblivious and uncaring! What happened to the Royal Prerogative Isabelle?
