The Prophetic Voice For The Month Of June 2018

## It Shall Be The Month Of The Divine Grace

The revelation of grace is the projection of the stainless beauty of the Godhead with the involvement of man. Apart from man, grace does not exist. The climax of truth is projected in the presentation of man perfect in Christ.

The perfection of man in Christ is the revolution of God's Grace. All of the weaknesses of man are dismissed beyond sight through the appearing of Jesus Christ who stands as the full expression of the Divine Grace.

Man therefore, has all the qualifications ever needed to reside himself within the divine and he now remains the vessel of the divine expression. You are what you are because of the Divine Grace.

This benediction accommodates man in all circumstances as God's best.

Thank God for His Divine Grace.

Amen
