PRESS RELEASE - April 24, 2024

ELECTION INTEGRITY GRAND JURY REQUEST

THE FLORIDA FIX.com

Orlando, Florida - OCOC Headquarters

Today, all over the state of Florida many allegations are being made about numerous county SOE officials and their criminal wrongdoing. These allegations are involving multiple jurisdictions which is a statutory requirement that provokes and demands a Florida Statewide Grand Jury be empaneled pursuant to Florida statute 905.33.

This original Statewide grand jury request was made on April 4, 2022, by TheFloridaFix.com and many other endorsing groups, organizations, clubs, businesses, churches, professionals, and political entities. This request is still in effect but is now further supported with additional evidence of violations within multiple circuit court jurisdictions in Highlands, Palm Beach, Pinellas, Seminole, Sarasota, Clay, Santa Rosa, St John's, and Walton counties.

This pattern of suspicious behavior by these and other SOE offices demands immediate investigation by We the People empaneled as a lawful and constitutional grand jury of our peers. This method of accountability has its origins in biblical examples and lawful precedent found in Exodus 18, Magna Carta and the common law brought to American shores in 1620 and beyond.

We The People assembled this 24th day in April of 2024 do request full and immediate remonstrance for purposes in the public interest and the continuity of government and preservation of domestic tranquility provided in our Constitution for America.

Demand for Grand Jury Investigation into Widespread Election Fraud

Citizens come forward with evidence despite the courts previously having refused and denied the examination of evidence.

West Palm Beach— 4 June 2024—Today at the Palm Beach County Commissioners meeting, citizens of the state of Florida will make a formal request to convene a 15th circuit court grand jury pursuant to Florida Election Code 104.43 and 104.42. The reasons for requesting this grand jury investigation is a result of division in our country and county over accusations of widespread election fraud and anomalies with very credible evidence supported by experts and professionals all across our land in numerous states where courts have refused and denied the examination of evidence.

“It is for this and many other reasons that thousands of American citizens are demanding redress of these multiple grievances”, stated Mike Zarzano, www.TheFloridaFix.com

“Restoring election integrity is mission critical to the rule of law and trust in our government. The people’s right to vote is a constitutionally protected civic duty. I am in full support of assembling a grand jury to investigate and hold those public servants accountable who are derelict in their duty to maintain free and fair elections and who have violated the public trust.” Col Douglas Macgregor (Ret), CEO Our Country Our Choice.

Jeff Buongiorno, candidate for Palm Beach County Supervisor of Elections, says “I’m running for Palm Beach Supervisor of Elections to restore Truth, Accountability and Transparency. Three values, absent from our current system. Today, the citizens of PBC will

unmask a current and dangerous constitutional crisis brought on by the planned border invasion,
we will say the quiet part out loud.”

Constitutional Right

The citizens have a constitutional right for their questions and concerns to be accounted for and it is the duty and obligation of the Palm Beach County Commissioners to provide this historic judicial process of investigation by grand jury of our peers. Currently the confidence in our government is at an all-time low due to the distrust of our systems oversight. Authority exists for this request pursuant to Florida election code 104.43 & 104.42 to bring confidence back to the people by simply requesting Chief Judge Glenn Kelley to immediately convene a grand jury in the public interest to provide redress to the people.

To: <daviddicco@usdoj.gov>

Dear Mr. DiCicco

Can you kindly look over my sworn statement and investigate the information I have provided. I am reporting what I suspect as treason. My friend Jamie Lehman and I have reported this to Judge Feuer in Palm Beach County, 15th Circuit but I have not received any follow up from her. Instead I received a follow up from Judge Kelly advising me if I continue to contact Judge Feuer or any other judge in his court house I will be arrested as well as a verbal warning at the courthouse by Deputy Eugene Marcaida and another Deputy.

I have also submitted this to the FDLE, our State Officials, the PBC Sheriff's office, the Election Crimes division in Tallahassee,

Hence, I thought I should share the same information with you. Jamie will be sending you her report.

Please read all of this information carefully and take all appropriate action. I look forward to hearing from you.

Kind regards,
Mikki Isackson
