SOUTHERN DISTRICT OF FLORIDA

PALM BEACH DIVISION

Case No.: _____

PATRICIA TESTA, EUGENE TESTA, ALISON RAMPERSAD,

JOYCE RUSSELL, et. al., People of Palm Beach County Florida protected by

our Constitutions,

Petitioners,

v.

JASON A REDING QUINONES, in his official capacity as United States

Attorney for the Southern District of Florida,

Respondent.

OPEN PETITION FOR WRIT OF MANDAMUS TO INFORM GRAND JURY

Introduction

This PETITION is posted online at **RestoreGrandJuryRights.org**, **GrandJuryOversight-PalmBeachCountyFL.org** and other community sites.

Petitioners respectfully seek a **writ of mandamus** compelling Respondent, the United States Attorney for the Southern District of Florida, to perform his **nondiscretionary ministerial duties** under 18 U.S.C. § 3332 to, “...inform the grand jury of such alleged offense, [and] the identity of such other person...”

Background

Before the 1946 Federal Rules of Criminal Procedure, citizens brought evidence **directly to the Grand Jury** without government gatekeeping. This safeguard was central to the Fifth Amendment’s command that “*No person shall be held to answer for a capital, or otherwise infamous crime, unless on a presentment or indictment of a Grand Jury.*”

The 1946 rule changes inserted government as a compulsory intermediary, creating a biased prosecutorial “gatekeeper.” In 1985 New York Chief Judge Sol Wachtler famously remarked that “*a grand jury would indict a ham sandwich.*”

The People’s right to **due process of law**, enshrined in the Fifth and Fourteenth Amendments, ensures that no State or its officers may deprive any person of life,

liberty, or property except through **lawful procedure**. Denying the People access to the Palm Beach County, state or federal Grand Jury therefore violates both Amendments by removing the very mechanism designed to check governmental abuse.

Congress reaffirmed this principle in **18 U.S.C. § 3332**, which mandates that a U.S. Attorney “*shall, if requested by such other person, inform the grand jury of such alleged offense...*” Repeatedly since 2022, Petitioners in the State of Florida have invoked this statutory right, yet officials have refused to honor it.

In **United States v. Williams**, 504 U.S. 36 (1992), Justice Scalia made clear that the Grand Jury is **not** an arm of the prosecution or judiciary, but an *independent constitutional body* whose purpose is to serve as a **protector and shield of the People** against tyranny. When officials block the People’s evidence from reaching the Grand Jury, they dismantle this safeguard and leave citizens defenseless against wrongful government action.

Claims

1. Petitioners have gathered and delivered, to all relevant local, state, and federal officials, credible evidence of election violations and related offenses in Palm Beach County since 2022.
2. The Petitioners requested many meetings with relevant local, state and federal officials to discuss and develop a lawful, peaceful and mutually agreed upon resolution to restoring Grand Jury rights and oversight by the People of Palm Beach County. Invitations were unanswered.
3. The Petitioner's requested meetings with the Respondent, and his predecessor, to discuss constitutional rights denied and expectations that the officials who were informed of the Petitioner's grievances be held to account.
4. Despite statutory obligation, Respondent's refusal to present this evidence to the Grand Jury, denies Petitioners their constitutional recourse.
5. This refusal constitutes deprivation of rights under 18 U.S.C. §§ 241–242 and undermines the Fifth and Fourteenth Amendments.

Relief Requested

- Petitioners respectfully request that this matter be assigned to a **United States District Judge**, as it raises matters of substantial constitutional importance to the People of Palm Beach County, the State of Florida, and all federal districts across the United States.
- Petitioners request an **expedited hearing** to present evidence and legal argument supporting their position that the U.S. Attorney must promptly and lawfully perform his *non-discretionary ministerial duties* in a manner in service of the People protected by our Constitutions.
- Petitioners seek an order compelling Respondent to:
 - Immediately inform a duly impaneled Grand Jury of the evidence presented by Petitioners and their identity;
 - Fulfill his **nondiscretionary ministerial duty** under § 3332 by identifying Petitioners and the offenses alleged;
 - Ensure the Grand Jury is free to communicate with Petitioners and the People, examine, investigate, and determine whether indictments or presentments are warranted;
- Respondents wish to witness the informing of our Grand Jury to ensure transparency in light of the known “ham sandwich indictment” issue(s) **United States v. Williams, 504 U.S. 36 (1992)**.
