

## **Now IS THE RIGHT TIME TO PLAN YOUR FUTURE**

You will be getting a lot of advise from every corner of your life and don't be surprised that everyone "knows" best and they all have different points of views, but only YOU know what's really going on with your business and how you feel about the future.

### **Remember when and how you started your business**

You had to rely mostly on your own instincts and knowhow. You might have found a book that told you step by step what actions and reactions you can expect on your way and your tax accountant or financial advisor had plenty to say, but remember your situation is unique and only you know what it took to be successful in your business.

**BUT NOW CAME THIS UNEXPECTED INTERRUPTION TO OUR WAY OF LIFE AND OUR BEST LAID PLANS ARE FROZEN UNTIL WE KNOW WHEN THINGS ARE GOING BACK TO "NORMAL" (if there is such a thing as normal)**

**My name is George Jaeggi and I have experienced many ups and downs in business. Let me help you to assess your current situation and let us prepare a realistic Business Plan together and get you prepared to meet with your financial partners (bank, suppliers, landlord, employees or anyone else you owe money to) and get their buy-in on your future plans.**
