Rs.49,500/-

• **E-Mail Marketing ?**

Turn visitors into customers with the tools to easily create, send and track professional email campaigns. Send up to 50,000 emails a month to as many as 5,000 subscribers.

• **Search Engine Optimization?**

Improve your rank on search engines. We'll help you choose effective keywords for your business and even place tags or page titles on your site automatically.

• **Social media Integration?**

Link your new website to your Face book page, Twitter feed and other social media pages with just a few clicks.

• **SSL?**

SSL (Secure Sockets Layer) is a standard security protocol for establishing encrypted links between a web server and a browser in an online communication. The usage of SSL technology ensures that all data transmitted between the web server and browser remains encrypted.

• **Website Hosting?**

Keep your site online and running at top speed with our fast, secure hosting, featuring a 99.9% uptime guarantee.

• **Abandoned cart recovery ?**

Increase sales by automatically sending reminder emails to customers who left items in their cart.

• Professional Email

Boost your business with a matching email address.
