

B2B - Web Pages Rendering + API

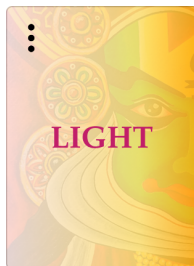

We have created a set of exclusive, highly intuitive, expert designed, and unique web pages to render on our partner application. All you need to do is built a few buttons and functionality. Minimum coding required.

Built By You:

- Built by you - “Connect Sangati” Button (Placed in User1’s Settings)
 - **[Free API 1]** Create User API

- Built by you - Emotional Mode Functionality Element (Placed in User1’s Settings)
 - **[Free API 2]** Enable/Disable Emotional Matching API
 - **[Free API 3]** Emotional Compatibility Questionnaire API

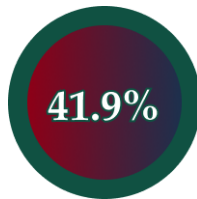

- Built by you - Sexual Mode Functionality Element (Placed in User1’s Settings)
 - **[Free API 4]** Enable/Disable Emotional Matching API
 - **[Free API 5]** Sexual Compatibility Questionnaire API

- Built by you - Match Button (Placed on Matched User's Profile)
 - **[Paid API 1]** Match API

- Built by you - Match Score Displays (Placed on Matched User's Profile)

Rendered By Us:

- **[Free]** Rendered by us - The Emotional Compatibility Questionnaire

←

You prefer popular, active places while meeting your partner over quiet, relaxed ones

Strongly Disagree

No Answer

Strongly Agree

You chose your words carefully before speaking

Slightly Agree

At a traffic signal, you stop at a yellow light

Slightly Disagree

You are ok making last-minute changes to your plans

Agree

- **[Free]** Rendered by us - The Sexual Compatibility Questionnaire

←

You often criticize your own sexual performance

Strongly Disagree No Answer Strongly Agree

You like to be the one to initiate sex

Slightly Agree

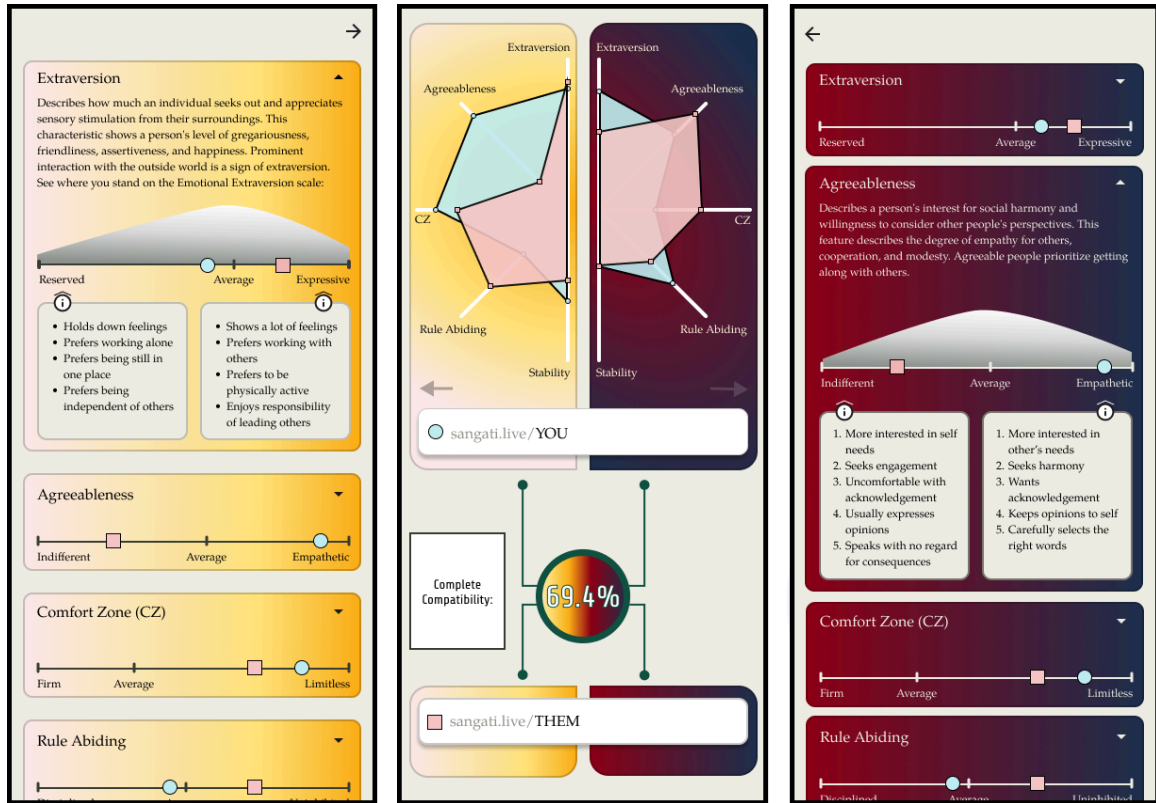

At a traffic signal, you stop at a yellow light

Slightly Disagree

You are ok making last-minute changes to your plans

Agree

- [Free] Rendered by Us - Sangati Match and Details between 2 Users

*We can modify - to some extent - the rendered pages as per your requirements.

**Design guidelines to follow.
