## MAKE EVERY MEETING COUNT

### Neutralize Your Carbon Footprint

Hilton has partnered with ClimeCo to procure carbon credits for clients who host meetings or events at participating Hilton hotels

### Meet with Purpose Checklist

Hilton's Meet with Purpose Checklist helps you gain valuable guidance for sustainable event decisions, including advocating for the use of reusable water bottles at our stations and opting for digital keycards for a paperless stay at selected hotels.

### Hilton LightStay

Through our award-winning LightStay platform, it's easy to predict, reduce and offset your meeting's carbon emissions. Using data gathered from LightStay, Hilton's Meeting Impact Calculator creates a custom report detailing the predicted carbon, energy, water and waste generated by your meeting or event.

## SUSTAINABLE DINING, MINDFUL CHOICES

### Climate Conscious Menus

Hilton has partnered with ClimeCo to procure carbon credits for clients who host meetings or events at participating Hilton hotels

### Plant-Based Options

We host a delightful array of vegan and vegetarian options. From vibrant salads to savory plant-based entrees, our culinary offerings cater to diverse dietary preferences while promoting sustainable and cruelty-free dining choices.

### Food Waste Management

At Hilton, we prioritize eco-friendly food practices, opting for buffets to enhance dining and reduce packaging waste. Our commitment includes thoughtful menu selection like finger-sized foods for portion control, minimizing leftovers, and promoting diverse guest preferences. Additionally, incorporating centralized tea breaks into your event schedule for strategic refreshment management and reduced waste.

# OUR COMMITMENT TO A GREENER TOMORROW

**Since 2023, our Hilton Thailand have transitioned to bulk bath amenities, reducing single-use plastics in every guest room.**

**Our commitment extends to 100% local sourcing and the use of sustainable ingredients.**

## **BUILD A BETTER FUTURE TOGETHER IMPACT**

Align with Hilton to engage in impactful social opportunities that resonate with your company's ESG goals.

Consider replacing traditional team-building activities with transformative charitable events that not only strengthen the bond among your team members but also contribute to meaningful social causes.

## ANCIENT KINGDOM & LOCAL WISDOM

Spend the day on the canals as you discover life at a different pace to the city's hustle and bustle.

Performing arts, local customs and ancient farming techniques are only a few of the experiences waiting for you as you escape into the great outdoors as you take a step back in time, engaging with communities and help them thrive by keeping traditions alive.

## ART & CRAFTS WITH A PURPOSE

Discover your inner designer, show off your building skills and learn new abilities using upcycled materials and mixed techniques.

Traditional crafts and modern arts are used in a variety of ways to get each team working and playing together to meet their goals.

The missions undertaken change based on our local community "wish list" - anything from tables and chairs for a school, pillows and bedding for assisted living or decorating a community center.

The experience encourages team collaboration and creativity whilst connecting with different institutions helping the less fortunate in ways they truly need.

## COOKING FOR COMMUNITY

Your teams will be taught to cook by local chefs whilst learning about food rescue, food waste prevention and seasonal ingredients.

Each team will showcase their dishes for the judges to choose the winners based on taste and presentation and, then pack a predetermined number of meals that will feed a community or group home in need.

The delicious and nutritious meals are enjoyed both by the teams and the local communities, whilst reducing food waste, avoiding single use plastic waste and creating equal employment chances.

## COFFEE MEETS MUSIC

Coffee roasting and blind tasting with a local coffee connoisseur while you discover the country's love of coffee in its many forms.

You will be welcomed into a private Chonburi music studio and workshop where ancient metal artwork traditions are mixed with a modern musical instrument.

Enjoy your well-being focused activity and let their melodies encourage you to dance together.

This program engages local artists and musicians whilst allowing your team to connect over a unique multicultural setting connecting the past with the present.

# Hua Hin

## THE FISHERMAN & THE SEA

Feel the sand between your toes and enjoy the sea breeze as you participate in a local clean up.

Explore the fisherman's village and learn about seasonal catch and sustainable fishing practices.

Learn what can be done to protect the environment and the delicate balance of this ecosystem.

Get your teams to experience, taste, engage and help the local fishermen in this activity.

# Phuket & Phang Nga

## MANGROVE ADVENTURES

Elevate your Teams with an outdoor adventure activity the midst of nature as you kayak through ancient mangrove systems, hike along trails and explore the nature in Phuket – Phang Nga.

See how conservation practices based on local knowledge and wisdom have created employment opportunities and help educate residents on the importance of these rich coastal bio-systems for long term health and survival for all that depend on them.

Enjoy this responsible community based tourism by learning about carbon offsetting and mangrove planting.

# Rayong

## COMMUNITY ECO-SYSTEMS

Explore the mangrove forest and estuary trails around Phra Chedi Klang located in the heart of Rayong.

This activity supports the community crab bank, restores food and ecosystems with the Forest Complex Learning Centre and provides immersive interactions that benefit these old traditional riverside households that have been included in protecting the ecosystem whilst preserving their way of life.

# Koh Samui

## COCONUT CREATIONS

Your group will learn how coconut is extracted, grown and used in Thai soups, desserts and popular dishes. Interactive games will engage your teams with a variety of traditional uses and modern applications.

Local artisans lead you through creative processes and make you see a coconut farmers' life from many different angles.

Coconut shell carving and weaving designs are also included in this program.
