I reached out to Mr. Lemhouse to ask a few simple questions yesterday, in layman's terms, what takeaway we will have after he speaks to us. What I

learned was Mr. Lemhouse is in Salem all this week, lobbying and working with legislators. When you come to the meeting Tuesday, we'll all have a chance to listen and ask questions. Personally, I'm excited to see him and hear what his company does for us ordinary folks. I hope I see you there.

Maybe It seems that we take two steps forward, but end up three steps back? You think you have things pretty well figured out, you read articles here and there, but there's no way you feel you can keep on top of all that's going on. After all, your life is already full. Your family keeps life really busy. When an election comes up, you fill out your ballot, making sure it gets turned in. You're concerned about your community. And then you remember how going to the monthly Republican Women's' meeting can add to the information you'd like, maybe asking a question or two — besides, seeing your friends is always a plus....

A Message From Your President

Happy New Year! Although 2026 is going to be a full and possibly exciting year, it has been slow in shaping up....in some ways! In other ways, the first 10 days or so have been WILD!!

Nationally, we will be having the MID-TERMS which will more than likely shape much of what our country will look like this time next year.

Locally, in Oregon, we have some very important elections, namely our Governor's race, but we still aren't fully sure who will be running. Those decisions won't be made until March. We have a short Legislative Session beginning around the time you read this, and there are already some shenanigans beginning to line up during those short 8 weeks that we will need to keep our eyes on.

Even more locally, no matter which side you were on concerning the recall, there seems to be something new every day!

Everyone's goal for 2026 should be to be aware, be informed and VOTE! You will be hearing more about this topic in the coming months. It's gonna be fun!!

Here's Why Your Help Matters!

If you've ever enjoyed a fun club event, made new friends here, or learned something cool, it's because volunteers made it happen. Every job in our club is done by someone who has said they would volunteer some time to help. Right now, we need your help to keep that energy going! Volunteering isn't just about pitching in—it's about shaping our club into a place we all love. We all became members of JoCRW because we share common values, we care about our community, and we all want to help put good, strong Republican candidates in office, but that doesn't happen without work. And working together can be fun!

When you step up to help, you're not just giving your time—you're making a real difference. Your energy, ideas, and commitment can take our club to the next level.

Think about all the things we could do together if more people got involved: more events, bigger projects, and more ways to connect. Whether it's helping organize an outing, helping plan an event, or lending a hand at meetings, every bit helps. With your help, we can make our club even more vibrant and exciting.

Let's Make It Happen—Together!

Our club is only as strong as the people who get involved. By volunteering, you help make our group more fun, welcoming, and successful for everyone. **So step up, pitch in, and let's build something awesome together!**
