

## Spex•Lite® 9185 Sand Alternative for GFRC

Spex•Lite® 9185 is an excellent sand replacement for GFRC applications for the following reasons:

- ~5x Lighter Than Sand
- Provides Significant Weight Reduction of Finished Parts
- No Free Silica Hazard Warnings!
- Very Tight Particle Packing
- Consistent and Fine Grain Size
- Smooth Surface Profiles
- Pumpable and Easy to Finish
- Low Dust
- Binder Compatibility
- Covered by Issued and Pending Patents

### 9185 vs Sand
