

Spex•Lite® Ultra Light Shooting Bag Fill

Product Description

Spex•Lite® Ultra Light Shooting Bag Fill is proudly **Made in the USA** from non-toxic polymers that provide many benefits over traditional filler materials. Spex•Lite® Fill **perfectly balances weight reduction and rigidity to maintain performance**. It is up to 90X lighter than sand, absorbs negligible water and is inorganic, providing tremendous weight savings and longevity for shooting bags exposed to the elements.

Product Advantages

Ultra lightweight (2.5 – 35 # per cubic foot)		Absorbs Virtually No Water	
Virtually Dust Free		Cost Effective	
Excellent Weatherability / Durability		Easy to Handle / Conforms to Positions	

Product Options
