

About the Program

Ladders to Learning is our new youth-oriented and education focused initiative presented and coordinated by the Coaldale & District Volunteer Firefighter Association.

With this program we strive to recognize and meet the needs of the youth in the community we serve.

This August, our Ladders to Learning initiative kicks off with our first event where we look forward to supporting kids in the community with all the school supplies to help them start their school year right.

See you there!
