Locking Mechanism for Wishbone and C-Leg Designs

Virco's patented locking mechanism adds strength, security and convenience to our wishbone and C-leg designs. When setting up tables, simply unfold each leg with an outward motion to extend the hinges and engage the gravity-lock pin. To return legs to a folded position, set the table on its side and push the gravity-lock pin toward the table top, disengaging the pin from its locked position and allowing you to easily complete the folding process.

Round Table Leg Features

Round Core-a-Gator tables have a convenient spring clip mechanism that securely locks unfolded legs in position (left). Folded legs are held in place by injection-molded retention clamps for safe transport and storage (right).

TABLES

MTB Series – Mobile Bench Tables

Virco's mobile tables with built-in bench seating provide versatile and inviting cafeteria seating. Up-lock and down-lock mechanisms combined with heavy duty wheel assemblies allow for simple setting up and tearing down. Unique torsion bars allow users to fold and unfold bench tables safely and smoothly. Tables are available in round and rectangular shapes with a high-pressure laminate surface.

Mobile Folding Table - Features

Clearance between table tops helps avoid pinched fingers.

Torsion bars help tables fold and unfold smoothly.

An up-lock mechanism holds tables in place while folded, and a down-lock mechanism holds tables in place when unfolded.

Tables feature a safety device that helps avoid pinched fingers during set-up. The device must be manually released before the table can

Tables roll on four 3 1/2" swivel casters, reducing marring and damage to floors.

TABLES

MTS Series - Mobile Stool Tables

Mobile stool tables deliver a safe, easy and mobile option for versatile cafeteria and lunchroom spaces. A specially designed torsion bar, automatic locking feature and 4 swivel casters allow tables to fold, unfold and transport effortlessly, neatly storing in a secure, upright position when not in use. Round stools feature a 13" diameter top and tables are available with a high-pressure laminate surface.

Mobile Oval Stool Tables

TABLES

Café Table Tops

Virco's café table tops feature a 1½" particleboard core high-pressure laminate surface with a protective T-mold banding and backing sheet, which helps to prevent warping. When combined with our pedestal bases, these tops provide outstanding service in student lounges, restaurants, hospitality settings and related venues.
