OPTIONAL CONFIGURATIONS

FG FELT-BASE GLIDES   SG STEEL-BASE GLIDES   G GANGING DEVICE   BR BOOKRACK   P PADDED UPHOLSTERED SEAT

Bookrack, Padded Seat and Ganging Device are only available on 18" seat height chair.

9000 Series – Sled-Based Stack Chairs

9000 Series sled-based stack chairs offer classic styling plus long-lasting construction. Chairs feature a continuous tubular steel frame, a one-piece, molded polyethylene shell and available in a range of sizes from 12" to 18" seat heights.

Sled-base chairs stack 6 high

9612 — 12" seat height
**9614** — 14" seat height
9616 — 16" seat height
9618 — 18" seat height

Models 9612, 9614, 9616 and 9618 are recommended for carpeted surfaces only.

3000 Series – 4-leg Stack Chairs

3000 Series 4-leg stack chairs are constructed of colorfast, scratch-resistant Martest 21®. Hard plastic seats and separate backs are remarkably chip-resistant and retain a bright, fresh look semester after semester. This chair features a tubular steel frame and is available in a range of sizes from 12" to 18" seat heights.

4-leg chairs stack 4 high

3012 — 12" seat height
3014 — 14" seat height
3016 — 16" seat height
3018 — 18" seat height

OPTIONAL CONFIGURATIONS

ZUMA® Series – C2M 4-Leg Chairs

ZUMA Series C2M (Choose to Move) 4-leg chairs offer the ultimate choice in flexible seating with a unique patent-pending mode selector. In active mode, the chair allows controlled movement with air coils that flex and compress as you move in all directions – from side-to-side, back-and-forth and in-between. When conventional seating is more appropriate, a simple twist transforms the chair into an ergonomic, fixed position.

ZUMA® Cantilever Chairs

The organic curves of the ZUMA® cantilever chair mimic nature's non-linear flow, providing an elegant alternative to the hard-edged institutional look that afflicts so many classrooms. The intrinsic flex of the cantilever chair provides surprising comfort - lean forward for typing or note taking and the frame firms up; lean back and it relaxes. Three seat heights let you bring cool, supportive ZUMA cantilever seating to elementary schools, college campuses or anywhere in between.

● OPTIONS FOR CANTILEVER CHAIRS

A ARMRESTS   **BR** BOOKRACK
FG **SG** **RG** FELT-, STEEL- & RUBBER-BASE GLIDES

ZUMA® Series – *R2M Mobile Task Chairs*

ZUMA Series R2M (Room to Move®) mobile task chairs move with you to help activate your best sitting position. With an ergonomic seat secured by four air coils that flex and compress as you move, this task chair provides controlled movement in all directions from front-to-back, side-to-side and in-between. The polypropylene shell flexes to accommodate different body types and a pneumatic mechanism allows easy seat height adjustment from 17½" to 20½".

10 YEAR LIMITED WARRANTY

Prima Seating warrants its products to be free from defects in material or workmanship and will repair or replace any defective product or component.

Limitations: Seating controls and other steel components are warranted for a period of five years. Pneumatic cylinders, casters and polymer-based componentsare warranted against structural failure for three years. Upholstery is warranted against unusual wear or deterioration for two years.

This limited warranty is the only express warranty given, applies only to the product, and does not cover damage, breakage or loss after manufacture arising from accident, misuse, excessive loading or failure to assemble or maintain the product properly. The manufacturer and distributor are not responsible in any way for any loss, or consequential damage caused by any product defect.

This warranty is effective only to the original retail purchaser together with the sales invoice, from purchase date, for normal commercial use (single shift, 40 hour work-week). This warranty does not apply for loads exceeding 120% of normal weight as defined by the American Medical Association.

Warranties implied by state law, including the implied warranties of merchantability and fitness are expressly limited as set forth above, except warranties implied by state law. The foregoing limited warranty is exclusive and in lieu of all other warranties concerning the repair or replacement of any products or components. This limited warranty gives you specific legal rights. You may also have other rights, which vary by state.

TEXT® Series – *Technology Tables*

TEXT Series technology tables were designed to meet the needs of technology labs and computer classrooms. Each table includes a perforated steel modesty panel with two generous wire pass-through openings, two grommets and two wire management trays. Models are available with a high-pressure laminate work surface and a 26" to 34" adjustable-height range.

TEXT® Series – *Hinged Wire-Trough Tables*

TEXT Series hinged wire-trough tables offer technology-ready tables with an adjustable-height range of 26" to 34". Models feature a convenient 6" deep wire trough for enhanced wire and cable management as well as scalloped wire management cut outs. Because the wire trough has a hinged rear door, tables have an uninterrupted work surface.

OPTIONAL ACCESSORIES:
POWER/DATA PORT, SWIVEL CASTERS, END CAPS

TEXT® Series – *Tilt-Top Tables*

TEXT Series tilt-top tables deliver space-saving solutions and flexibility with tables that fold vertically, roll away, and neatly nest together for easy storage. Available in rectangular and slide shapes, tables come in a 30" fixed-height or 24" to 32" adjustable-height with casters for quick mobile set-ups. A convenient single release mechanism offers easy folding and unfolding.

Tilt-top tables have single-post legs.

TEXT® Series – *Table Accessories*

STORAGE

ZBOX - Plastic book box with pencil tray measuring 19⅝"W x 17"D x 4¼"H.

ZBR - Wire book basket: 18"W x 15"D x 4"H.

ZBRT - Wire book basket with a spacious paper/pencil tray.

UPDRW - Plastic pencil drawer measuring 13" x 22".
UPDRWL - Plastic pencil drawer with lock measuring 13" x 22".

ZBH – Backpack hanger

MODESTY PANELS

TMOD27 - Perforated steel modesty panel for use with 27" long TEXT tables.

TMOD36 - Perforated steel modesty panel for use with 36" long TEXT tables.

TMOD48 - Perforated steel modesty panel for use with 48" long TEXT tables.

TMOD54 - Perforated steel modesty panel for use with 54" long TEXT tables.

TMOD60 - Perforated steel modesty panel for use with 60" long TEXT tables.

TMOD72 - Perforated steel modesty panel for use with 72" long TEXT tables.

CASTERS

TLCASTER - 4-pack of twin-wheel, 3" diameter locking swivel casters for use with TEXT tables. Please note: Casters add 3" to the top height of TEXT tables.

COMPUTER ACCESSORIES

TEXTCPU - Adjustable CPU holder- designed to allow leg mounting of a CPU on a TEXT Series adjustable- or fixed-height table Variable width adjustment to support CPUs between 3⅛" to 7½" wide.

WIRE MANAGEMENT

TWMT36, TWMT48, TWMT54, TWMT60 and TWMT72 - Wire management trays for various widths to accommodate all TEXT models; 36"W, 48"W, 54"W, 60"W, 72"W.

TGANG - A metal plate for ganging two TEXT tables together.

TWMB - Wire management bridge tray allows wires and cables to feed from one table's TEXT wire management tray to the next.
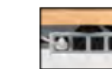

TWC12 - Leg-mounted wire chase for adjustable-height tables neatly provides tabletop to floor routing for cables.

TWC16 - Leg-mounted wire chase for fixed-height tables neatly provides tabletop to floor routing for cables.

THEC - End caps for wire trough tables.

POWER/COMMUNICATIONS

REVEAL - Power port with four individual 15-AMP outlets and 6-foot power cord. The device slides on ball-bearing track with 3¾" travel and locks into place.

Additional accessories are listed on page 143.

Plateau® Series – *Media Tables*

Plateau Series media tables were designed to create a collaborative environment in schools and in the workplace. Its "floating" tabletop design features rectangular and peninsula-shaped models with standard fixed heights of 29", adjustable heights of 26"-34" or stand-up heights of 39". Power and data ports and optional TV arms combine to create a uniquely functional workspace that encourages interactions.

Convenient and stylish in-surface power and data port. The face cleverly rotates to hide away when not in use. Port features two power and two USB option.

For information on accessories see pages 120 and 145.

Plateau® Series – *Table Accessories*

WIRE MANAGEMENT

PTTRAY - Effectively manage wires, cables and related items beneath Plateau tables with this 6" x 14" steel wire management tray.

PTSTRAP - Velcro® straps attach beneath table tops to organize wires and cables.

PTTROUGH - Flexible 6-foot 4-channel PVC wire chase can be mounted beneath table tops or used to manage wires and cables between tables. Lengths and can be cut to fit smaller tables.

PTHVWC2, PTHVWC3 - U-channel wire chase, top caps and connecting sleeve; PTHVWC2 - 2"H; PTHVWC - 3"H

PTHVWCEND - A pair of optional end caps with wire pass-through holes which cover the end of the channel and can be secured with screws.

MODESTY PANELS

PTMODPNL5 - With our wire management/modesty panels for 60" straight edges, you can conveniently route power and communication cables beneath the table top.

PTMODPNL6 - With our wire management/modesty panels for 72" straight edges, you can conveniently route power and communication cables beneath the table top.

CASTERS

PTLCASTER - 4-pack of twin-wheel, 2⅜" diameter swivel locking casters.

Additional accessories are listed on page 145.

Science Tables – *Wood-Framed*

Virco's heavy-duty science tables feature a premium epoxy resin work surface or a durable Chemsurf® high-pressure laminate surface that's both chemical and acid-resistant. Wood-framed science tables are available with 30" fixed-height legs.

Chemical-Resistant Science Table Tops

Epoxy Resin Top

Virco's most durable science table top, a 1" thick epoxy resin top, provides superior resistance to abrasion, lab chemicals, acid, heat and moisture.

Chemsurf Top with Sure Edge

Chemsurf high-pressure laminate work surfaces, Virco's mid-grade science table top, provide heat and chemical resistance and are also acid-resistant and water-resistant.

Science Lab Demonstration Table

SCISINKDEMO

Virco's lab demonstration center includes a two-sided mirror/marker board, as well as a sink with a hand-pump faucet, and a chemical resistant top. There are four locking drawers, two cupboard spaces, and swivel casters for mobility. The unit measures 54"W x 30"D x 36"H.

Tetra™ Series – Tables

Tetra Series tables can serve as an everyday workstation or be customized to suit the needs of a fast-paced computer lab or seminar training room. Choose from a 26" to 34" adjustable-height or a 30" fixed-height. Optional configurations include one, two or three desktop grommets for wire management.

Flip-Top Technology Tables – Features

Security
Each flip-top compartment locks for security.

Connectivity
A generous port at each end of the flip-top compartment enables the networking of tables with power and data lines.

Spacious
With 5½" of top-to-bottom storage capacity, 6" deep flip-top compartments provide lots of space for wires, cables and surge protectors.

Clean Design
A subtly contoured cut-out at the rear of the work surface enables wires and cables to be routed into the flip-top compartment.

Mobile Folding Table – *Features*

Clearance between table tops help avoid pinched fingers.

Torsion bars help tables fold and unfold smoothly.

An up-lock mechanism holds tables in place while folded, and a down-lock mechanism holds tables in place when unfolded.

Tables feature a safety device that helps avoid pinched fingers during set-up. The device must be manually released before the table can be completely unfolded.

Tables roll on four 3½" swivel casters, reducing marring and damage to floors.

MTS Series – *Mobile Stool Tables*

Mobile stool tables deliver a safe, easy and mobile option for versatile cafeteria and lunchroom spaces. A specially designed torsion bar, automatic locking feature and 4 swivel casters allow tables to fold, unfold and transport effortlessly, neatly storing in a secure, upright position when not in use. Round stools feature a 13" diameter top and tables are available with a high-pressure laminate surface.

The ¾" thick top construction features a high-pressure laminate surface, a high-density particleboard core, and a backing sheet to help prevent warping.

Clearance between table tops helps prevent pinched fingers.

Edges are protected by T-mold edge banding. Optional Sure Edge® finish available.

Virco's sturdy ABS plastic stools provide unparalleled strength and durability.

A torsion bar facilitates easy table folding and unfolding.

Each middle leg has a 1" rubber crutch tip, reinforced with steel inserts for longer wear.

3½" swivel casters have ball-bearing raceways for easy mobility.

Each seat has its own direct-to-floor load-bearing column, providing its own support without cross members running in between seats.

MTSO193156W	19"	6	31"	60" diameter

2 wheelchair spaces

Oval mobile stool tables that are wheelchair accessible are designed to accommodate two wheelchairs on opposite sides of the table.
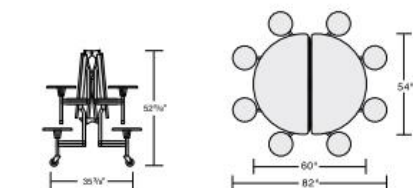

Virco's ABS plastic stools feature a multi-rib design and a die-cast aluminum mounting bracket for strength and durability. Stools are secured to their columns by an insert washer and a hex bolt with an aircraft lock nut.
MT Series – *Mobile Cafeteria Tables*

Virco's mobile tables feature specially designed torsion bars, providing smooth folding and unfolding, for quick space-saving storage or to transform a multi-purpose venue. Tables are available in a 29" fixed-height with a high-pressure laminate surface in round, rectangular, and octagonal shapes.

Clearance between table tops helps prevent pinched fingers. Vertical hinges prevent food build-up.

PVC T-mold edge banding for added safety. Optional Sure Edge finish available.

The ¾" thick top construction features a high-pressure laminate surface, a high-density particleboard core, and a backing sheet to help prevent warping.

3½" swivel casters have ball-bearing raceways for easy mobility.

Torsion bars facilitate the easy folding and unfolding of tables.

Z-channel apron is constructed of heavy-gauge steel.

An individual locking mechanism holds models in place when folded, enabling safer table movement.

MTB Series – *Mobile Bench Tables*

Virco's mobile tables with built-in bench seating provide versatile and inviting cafeteria seating. Up-lock and down-lock mechanisms combined with heavy-duty wheel assemblies allow for simple setting up and tearing down. Unique torsion bars allow users to fold and unfold bench tables safely and smoothly. Tables are available in round and rectangular shapes with a high-pressure laminate surface.

Clearance between table tops helps prevent pinched fingers.

The ¾" thick top and bench construction features a high-pressure laminate surface, a high-density particleboard core, and a backing sheet to help prevent warping.

PVC T-mold edge banding and 1½" radiused corners add safety. Optional Sure Edge finish available.

Three support bars per bench, providing extra strength and durability.

3½" swivel casters have ball-bearing raceways for easy mobility.

Torsion bars facilitate the easy folding and unfolding of tables.

Z-channel apron is constructed of heavy-gauge steel.

6000 Series – *Folding Tables*

6000 Series folding tables feature a ¾" particleboard core with a fused-on melamine top and a straight-leg style for a clean, simple look. All tables are strengthened by a steel support apron and have a patented Safe Edge® that helps hands and fingers avoid cuts and scratches. When the table is not in use, a spring clip locks table legs in a folded position. Our patented corner supports give the top surface added protection while stacking.

Table Accessories

Consult with Virco's Customer Service Department before ordering accessories for mounting beneath a work surface.

COMPUTER ACCESSORIES

TKBMT19 – Retractable rectangle 15" x 19¼" keyboard mouse tray mounts underneath the work surface.

TKBMT24 – Retractable rectangle 15" x 24¾" keyboard mouse tray mounts underneath the work surface.

TKBMT27 – Retractable rectangle 15" x 27¼" keyboard mouse tray mounts underneath the work surface.

TKBMT29 – Retractable rectangle 15" x 29" keyboard mouse tray mounts underneath the work surface.

TKBMTC27 – Retractable curved 12" x 27" keyboard mouse tray mounts underneath the work surface.

CPUCADDY – Mobile CPU holder measures 19⁹⁄₁₆"W x 10¾"D x 10⁹⁄₁₆"H and can accommodate a CPU between 3" to 8" in width. A cable lock is included with each unit to secure the CPU holder to a table leg.

FTTCPU – Adjustable CPU holder dedicated for Flip-Top Technology Tables. Measures 12¼"L x 10½"W x 16"H and can be positioned on the inside or the outside of a table leg while supporting a CPU ranging from 2½" to 8½" wide.

STORAGE

UBOOK – Plastic book box measuring 15½"W x 14"D x 4½"H.

UTOTE – Plastic tote tray measuring 12"W x 16"D x 4"H. Metal runners measure 1½"W x ¾"D x 13½"L.

BHPEG1 – Backpack hanger for Makerspace and Tetra Tables.

BHPEG2 – Backpack hanger for Flip-Top Technology and Hinged Wire Trough Tables.

TRBH – Wire backpack hanger for Tetra, Makerspace, Flip-Top Technology and Hinged Wire Trough Tables.

POWER/COMMUNICATIONS

T762ELECT – A 12-foot cord power strip with diagnostic LEDs features seven outlets and exceeds IEEE 587 category A & B surge suppression specifications.
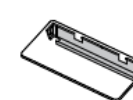

NACR – In-surface power/data port pops up when needed and conveniently closes shut when not in use. Includes two power and four USB outlets with a 6-foot power cord.

WIRE MANAGEMENT

GR1, GR2, GR3 – One, two or three factory installed 6⁷⁄₁₆" x 3" ABS plastic grommet(s) with a hinged lid(s).

UGRMT27 – Grommet kit including two 2¾" grommet covers with matching sleeves. Table drilling and grommet installation to be done by customer.

UGRMT35 – Grommet kit including two 3½" grommet covers with matching sleeves. Table drilling and grommet installation to be done by customer.

TWMP36, TWMP48, TWMP60 and TWMP72 – Dedicated 4000 Series tables wire management panels, featuring 5" wide cable troughs and two 7" x 2" mounting cutouts, neatly and efficiently route power and communications cables beneath work surfaces. Individual TWMP models fit the following table sizes: TWMP36 for 36" rectangular tables; TWMP48 for 48" rectangle tables; TWMP60 for 60" rectangle tables; TWMP72 for 72" rectangle tables.

UGANG – Connecting tie plate kit provides firm, semi-permanent connections between adjoining tables or shelves. Each pack contains 2 steel tie plates and 12 screws.

Core-a-Gator® Series – Commercial-Grade Lightweight Folding Tables

Core-a-Gator Series lightweight folding tables are easy to transport, simple to set up and engineered for the long haul. Its patented design features a rugged ABS plastic corrugated center, an extruded aluminum frame, and an innovative leg-locking mechanism for easy and dependable operation.

Whether you need folding tables to create temporary arrangements or remain set up for everyday use, Core-a-Gator tables provide a durable yet lightweight solution to meet the needs of any active facility.

The Core-a-Gator® Advantage

Shock Absorbent ABS Plastic Corner Bumper
Sturdy, reinforced corner construction resists denting, splintering and related damage.

Edge Mold Bumper
An inner ABS edge mold bumper gives the table added protection.

Durable ABS Plastic Top
Strong, lightweight ABS plastic provides a long-lasting, colorfast top surface.

Unique Corrugated Center
A patented core design combines first-rate strength with convenient, lightweight utility.

Durable ABS Plastic Bottom
Like its top, the Core-a-Gator bottom is made for rugged, reliable performance.
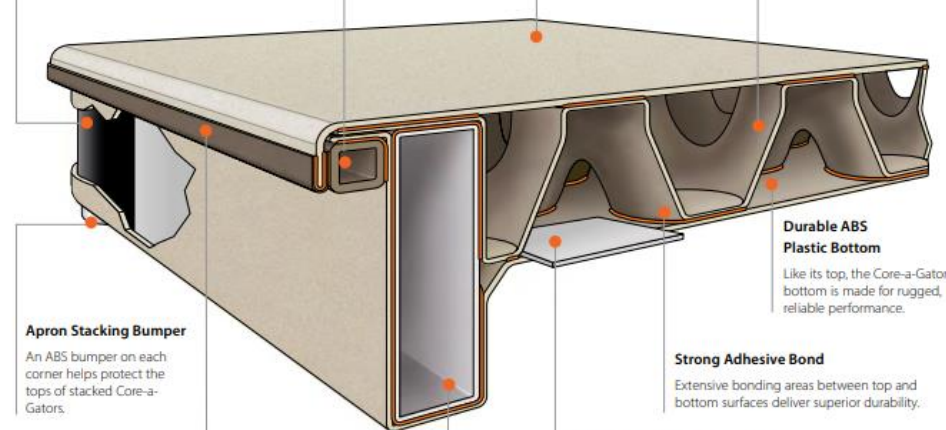

Apron Stacking Bumper
An ABS bumper on each corner helps protect the tops of stacked Core-a-Gators.

Strong Adhesive Bond
Extensive bonding areas between top and bottom surfaces deliver superior durability.

Aluminum Leg Attachment Plates
Legs are anchored to the underside of the table top through multiple aluminum plates.

Decorative Edge Banding
An ABS bumper on each corner helps protect the tops of stacked Core-a-Gators.

Aluminum Frame
A lightweight, extruded aluminum frame adds strength and support to the table.

Locking Mechanism for Wishbone and C-Leg Designs
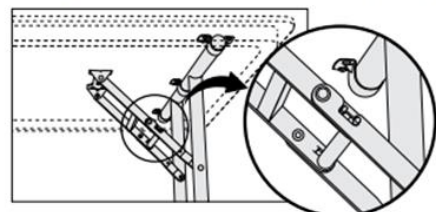

Virco's patented locking mechanism adds strength, security and convenience to our wishbone and C-leg designs. When setting up tables, simply unfold each leg with an outward motion to extend the hinges and engage the gravity-lock pin. To return legs to a folded position, set the table on its side and push the gravity-lock pin toward the table top, disengaging the pin from its locked position and allowing you to easily complete the folding process.

Round Table Leg Features
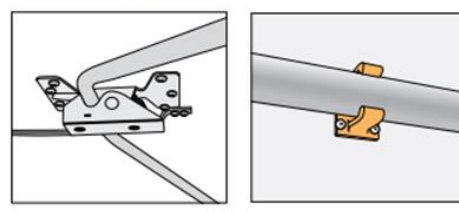

Round Core-a-Gator tables have a convenient spring clip mechanism that securely locks unfolded legs in position (left). Folded legs are held in place by injection-molded retention clamps for safe transport and storage (right).

Core-a-Gator® Leg Features

All 24", 30" and 36" deep Core-a-Gator® models are equipped with Virco's heavy-duty wishbone-style legs. Narrower 18" tables come with strong, high-performance C-legs. Round models feature a sturdy straight leg design. Adjustable height legs are featured on half-round models. Each of these leg styles gives you more room to comfortably stretch your own legs beneath Core-a-Gator tables.

Topaz™ Series –Teachers' Desks

The Topaz Series, designed by the award-winning team of Peter Glass and Bob Mills, combines sleek design with innovative versatility to support modern learning environments. Blending beauty and functionality, the Topaz Series teachers' desk was designed with teachers in mind. Single or double-pedestal models feature a high-pressure laminate work surface with 3mm profile edge banding and 30" fixed-height.

The Topaz Series teacher accessory table's seamless nesting design offers a versatile companion to the teacher's desk. Create additional workspace for grading work, or easily transform the space for one-on-one collaboration with students.

A 1 1/8" thick high-pressure laminate top is easy-to-maintain and keep clean.

Smart Drawer offers lockable storage with built-in power and USB ports.

Center drawer offers additional storage with locking capabilities for added privacy.

Teacher Accessory Table seamlessly nests for additional workspace.

Tip-out Drawer.

File cabinet.

Steel modesty panel includes a wire management trough for organizing wires and cables.

Casters allow for smooth classroom reconfigurations and securely lock to keep the desk in place when needed.

All drawers in each pedestal are controlled by a centrally positioned core-removable lock.

Topaz™ Series –Features and Options

Large file drawer accommodates letter and legal size hanging files, which glide easily on full-extension slides.
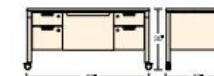

Integrated power features 2 USB and 2 power ports.

Optional tip-out drawer allows for easy access to devices while being able to keep them plugged in.

Plateau® Series – *Office Desks*

Plateau Series office desks provide stylish and functional furniture for administrative settings. Design your own solution using an array of basic components. All models are available with a high-pressure laminate work surface and 29" fixed-height. Selected desks include wire-management grommets and a perforated steel modesty panel.

### Design Your Own Configuration From 3 Basic Styles…

Free-Standing Units
Free-standing units are just that – free-standing.
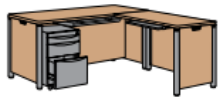

L-Shaped Configurations
Connect a return to a Plateau non-elliptical desk to create an L-shaped workstation.
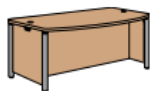

U-Shaped Configurations
Workstations consist of a credenza, a non-elliptical desk and an adjoining return.

NOTE: Model PTD3676P cannot be used as a stand-alone unit. Combine with PTRL2448 or PTRU2242B, or with credenza model PTC2472GR2.

L-RETURNS
Attaches on left or right side.

PTRL2448
24" x 48" L-Return

NOTE: Model PTRL2448 cannot be used as a stand-alone unit. Combine with PTD3060, PTD3660BF or PTD3672BF.

U-RETURN
Attaches on left or right side.

PTRU2242B
22" x 42" U-Return Bridge

NOTE: Model PTRU2242B cannot be used as a stand-alone unit. Combine with PTD3060, PTD3660BF, PTD3672BF or PTD3676P, or with credenza model PTC2472GR2.

Plateau® Series – *Features and Accessories*

PTSTRAP
Velcro® straps attach beneath table tops to organize wires and cables.

PTTROUGH
A 6-foot 4-channel PVC wire chase can be mounted beneath table tops or used to manage wires and cables between tables.

T762ELECT
A 12-foot cord power strip with diagnostic LEDs features seven outlets and exceeds IEEE 587 category A & B surge suppression specifications.

Key-Alike Option
Enable drawers and storage units to open with a single key for convenience and efficiency.

PTTRAY
The 6" x 14" steel tray allows you to conveniently and effectively manage wires, cables and related items beneath desks, returns and credenzas.

TKBMT19 and TKBMT24
These retractable 15"D x 19¼"W or 24¼"W keyboard mouse trays mount underneath the work surface, helping to maximize desk-top space.

TKBMA291
An articulating keyboard mouse arm lets you adjust height and tilt with a single, soft-touch knob. It is available in a 29" width with a counterweight spring for easy use.

UPDRW & UPDRWL
A 13" x 22" plastic sliding drawer with pencil tray mounts easily beneath Plateau work surfaces. A locking version is also available (model UPDRWL).

PTDCPU
A 6" x 14" hanging CPU holder mounts securely beneath work surfaces and accommodates central processing units up to 9" wide.
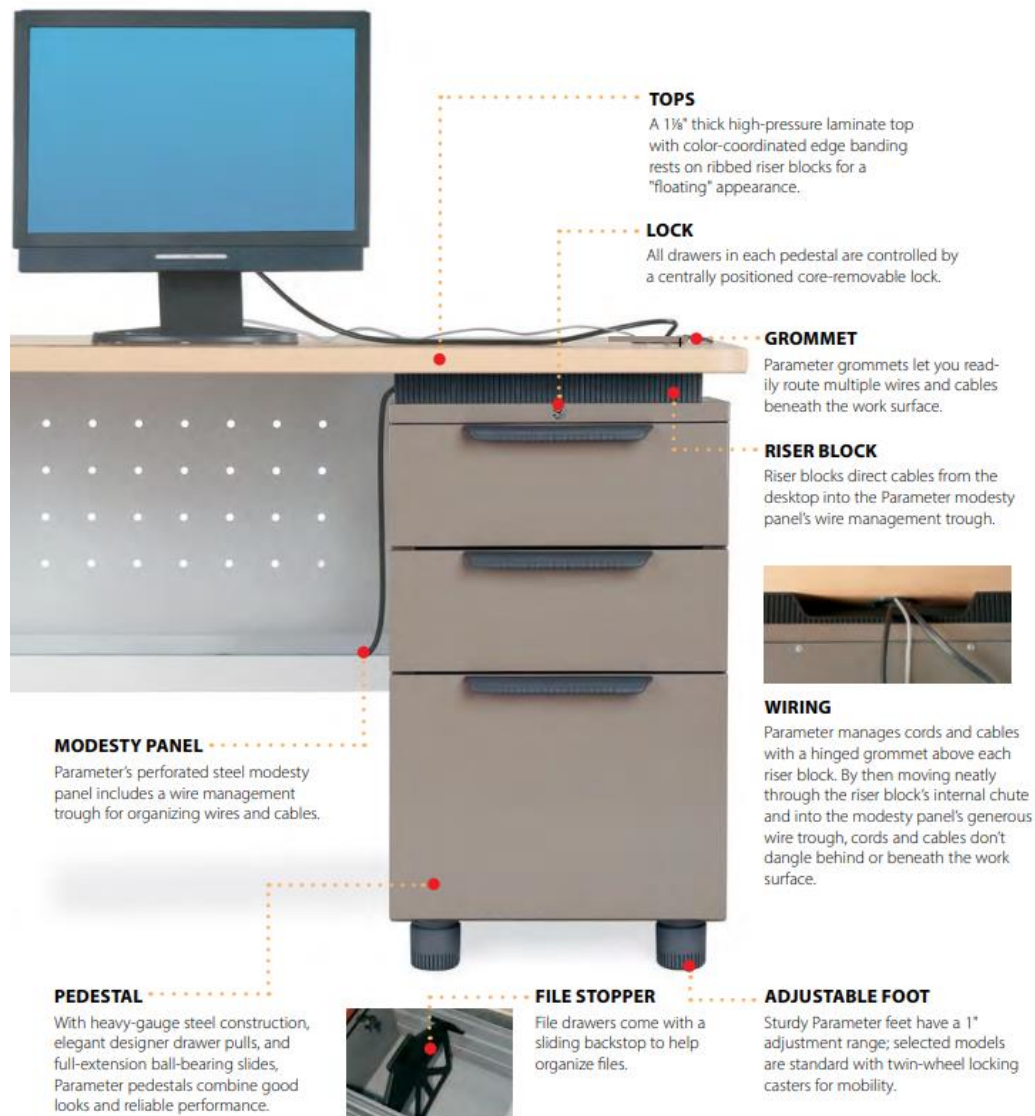

## Parameter® Series – *Administrative & Teacher Desks*

The Parameter Series desk collection, developed in collaboration with award-winning designers Peter Glass and Bob Mills, includes a variety of stylish furniture for the classroom or office; all offering a fixed-height of 29½" and high-pressure laminate work surface. Whether you need single or double-pedestal desks, L-configuration workstations, or desk/credenza combinations, Parameter® offers lots of exciting furniture choices for teachers, principals and administrators.

TOPS
A 1⅛" thick high-pressure laminate top with color-coordinated edge banding rests on ribbed riser blocks for a "floating" appearance.

LOCK
All drawers in each pedestal are controlled by a centrally positioned core-removable lock.

GROMMET
Parameter grommets let you readily route multiple wires and cables beneath the work surface.

RISER BLOCK
Riser blocks direct cables from the desktop into the Parameter modesty panel's wire management trough.

WIRING
Parameter manages cords and cables with a hinged grommet above each riser block. By then moving neatly through the riser block's internal chute and into the modesty panel's generous wire trough, cords and cables don't dangle behind or beneath the work surface.

MODESTY PANEL
Parameter's perforated steel modesty panel includes a wire management trough for organizing wires and cables.

PEDESTAL
With heavy-gauge steel construction, elegant designer drawer pulls, and full-extension ball-bearing slides, Parameter pedestals combine good looks and reliable performance.

FILE STOPPER
File drawers come with a sliding backstop to help organize files.

ADJUSTABLE FOOT
Sturdy Parameter feet have a 1" adjustment range; selected models are standard with twin-wheel locking casters for mobility.
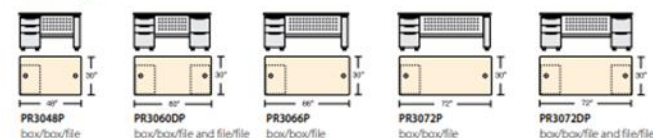

STAND-ALONE DESKS
Available with a variety of top sizes and pedestal drawer configurations, Parameter stand-alone desks are great for teachers, administrators and support staff. Caster options allow for mobile classroom workstations while help desks with a rounded top on one end are ideal for helping students one-on-one with their work.

L-CONFIGURATION WORKSTATIONS
L-configuration desk and return workstations are available with rectangular tops, with peninsula returns that have a rounded end for small group meetings, or with a help desk and your choice of returns. Units on casters can be "unlocked" and rolled away to different areas for small group work, to support instructional technology, or for other applications.

CREDENZAS
Parameter gives you a choice of stationary credenzas with adjustable feet, or mobile models with casters. Maximize the storage capacity in your workspace with solutions that offer functionality and style.

PRC2472DP, PRC2472DPC — box/box/file

NOTE: "C" at the end of the model number designates a model with casters.

Parameter® Series – *Transaction Stations*

The Parameter Series line combines desks and workstations with transaction counters, designed to facilitate a welcoming reception area. Several transaction station work surface styles are available, all providing ample workspace and a functional design.
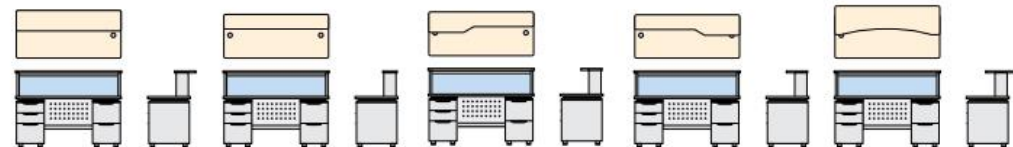

1 - 12" wide rectangular forward overhanging counter top.

**2** - 8½" wide rectangular flush-mounted counter top.

3 - 12"-8½" wide inward mounted counter top with right-side monitor recess.

4 - 8½"-12" wide inward mounted counter top with left-side monitor recess.

5 - 16" wide crescent inward and forward mounted counter top.

Parameter® Series – *Credenzas*

Credenzas are offered in two sizes with combinations of lateral files, box files and box drawers. All units are 29½"H x 23"D.

PRFC321
Two lateral file drawers.

PRFC322
Two file, one lateral file drawer.

PRFC323
Two box, one file, one lateral file drawer.

PRFC642
Two file, three lateral file drawers.

PRFC643
Two box, one file, three lateral file drawers.
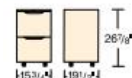

PRFC641
Four lateral file drawers.

Parameter® Series – *Mobile and Fixed Pedestal Units*

Mobile and fixed pedestal units expand storage solutions for the Parameter Series; both designed to work side-by-side with desks and workstations.

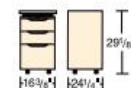

PRMP1620FFC
Two file drawers, casters.

**PRMP1620BBFC**
Two box, one file drawer, casters.

PRMP1624RBBFC
Two box, one file drawer, casters, riser block and laminate top (shown).

PRMP1624RBBF
Two box, one file drawer, riser block and laminate top.

PRMP1624RFF
Two file drawers, riser block and laminate top (shown).

PRMP1624RFFC
Two file drawers, casters, riser block and laminate top.

## Parameter® Series – *Options and Accessories*

53LFDD
Drawer divider kit in steel.

CBKLF
Conversion Bar Kit: Four bars enable lateral files to accommodate legal and letter size documents from front-to-back, rather than side-to-side.

MMKEY
Master key for keyed-alike lock core.

PRWMP22, PRWMP28, and PRWMP40
Wire management panels for various lengths to accommodate Parameter models; 22"L, 28"L, 40"L.

PRLS SHROUD
Leg shroud, formed steel, for use with Parameter desks and workstations with adjustable-height feet only, field-installed.

PRPS SHROUD
Pedestal shroud, formed steel, for use with Parameter desks, workstations and stand-alone pedestals with adjustable-height feet only, field-installed.

10 YEAR LIMITED WARRANTY

Adapta42

INCO Business Furniture, Corp. warrants its products to be free from defects in material or workmanship and will repair or replace any defective product or component.

Limitations: This warranty is limited to normal commercial use (single shift, 40 hour work-week). The manufacturer does not warrant the matching of colors, grains or texture of covering materials. Drawer slides, locks, hinges, and all other moving components are warranted, against structural failure, for a one year. Surface laminate, and painted parts are warranted against unusual wear, deterioration or rust for one year. This warranty is effective only to the original retail purchaser together with the sales invoice.

This limited warranty is the only express warranty given, applies only to the product, and does not cover damage, or loss arising from accident, misuse, improper loading or failure to assemble or maintain the product properly. The manufacturer and distributor are not responsible in any way for any loss, or consequential damage caused by any product defect.

TO THE EXTENT ALLOWED BY LAW, IMPLIED WARRANTIES, INCLUDING THOSE OF MERCHANTABILITY AND FITNESS, ARE EXPRESSLY LIMITED AS SET FORTH ABOVE. THIS LIMITED WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES CONCERNING THE REPAIR OR REPLACEMENT OF ANY PRODUCTS OR COMPONENTS. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY HAVE OTHER RIGHTS, WHICH VARY BY STATE.

FIREKING® TURTLE® FILE CABINET

FireKing® Turtle

Not too big, not too small.
It's just the right size.

Protect your important documents and computer media from unforeseen disasters. With its compact 22" depth and offered in 2- and 4-drawer vertical models the Turtle® files are a perfect fit for your home office or small business. Turtle® files are fire and impact rated for paper and computer media. Both letter- and legal-sized documents can be filed in a Turtle® and a 4-pin key lock is standard. Turtle® files are available in Arctic White (AW), Black Stone (BS), and Parchment (PA) colors.

FIRE PROTECTION FOR PAPER DOCUMENTS AND COMPUTER MEDIA

The shell-hard, Turtle® line of products underwent grueling testing procedures to ensure that it passed intense fire and impact ratings. With ratings of UL 1-hour Class 350 for paper, a 30 minute ETL verification for computer media and a 30 foot impact rating; each and every highly durable fire rated file cabinet has been meticulously designed and tested to offer the highest quality asset protection. Coupled with compact and flexible filing, the Turtle® vertical file cabinets are perfectly designed to meet your unique home, personal office, and/or small business needs. Whether you are safeguarding everything from your birth certificate and passport to your valuable business records, you will find the protection you need from FireKing®.

FIRE AND IMPACT RATING
The FireKing® Turtle® carries the Underwriters Laboratories® "Insulated Records Container" classification, which includes a one-hour fire test of 1700˚F, an explosion hazard test and a 30-foot impact test.

ETL RATED FOR COMPUTER MEDIA
The FireKing® Turtle® is verified for digital media protection. Interteck ETL verified to protect hard drives, CD's, DVD's and flash drives from heat exposures up to 1550˚F for 30 minutes.

INSULATION
The FireKing® Turtle's casting is of 100% gypsum insulation, and insulation between all drawers makes each drawer a separate insulated container.

STEEL PANELS
All exterior FireKing® Turtle® steel panels are replaceable in the field in the event of minor damage.

FINISH
An electrostatically applied powder coating makes for the FireKing® Turtle's superior scratch, scuff and stain resistance. Plus, a five-stage pre-finishing treatment is provided for unmatched adhesion and rust resistance.

DRAWERS
Suspension: A precision ball bearing telescoping suspension, bayonet-mounted to each drawer body, is securely mounted with screws to metal posts in the FireKing® Turtle's file body.

DRAWER BODIES
Each FireKing® Turtle® drawer body is built with high sides for use with hanging folders – no additional frames are required. Drawers are suitable for both letter- and legal-sized filing. For letter-sized documents, use a front-to-back filing method; for legal-sized documents, use a side-to-side system.

DRAWER HEADS
FireKing Turtle drawer heads are formed of welded steel and filled with gypsum insulation. The drawer heads are designed for a tight interlock with the cabinet frame – making the drawers extra-resistant to heat transfer.

DRAWER LOCK
A four-pin key lock provides general locking of all FireKing® Turtle® drawers.

DRAWER BYPASS
In its "up" position, a two-position drawer catch allows that drawer to stay unlocked while all others remain locked.

DRAWER PULLS
Recessed for better space utilization.

FREE REPLACEMENT GUARANTEE
If your FireKing® Turtle® is ever required to protect your information in a fire, we will replace your FireKing® Turtle® free of charge and ship it freight collect to the original owner.

FireKing
The best records protection you can buy.

MimioBoard 781T, 781TW, & 871T touch board

Enhance classroom collaboration with an interactive touch board that's also a conventional dry erase board. Up to ten single-point touch users or five dual-touch and gestures users can work simultaneously at this easy-to-install board.

Enjoy touch technology designed for real classrooms with an interactive board that offers collaborative learning and an unprecedented touch experience. With Touch 360° interactivity, up to ten students can work together simultaneously at this easy-to-install interactive whiteboard. Their control and touch experience will be fast and precise no matter where they are working on the board. Whether you choose the 78 in. (available as 4:3 or 16:10) or the 87 in. (16:10) model, you'll get a projection-optimized touch board with an erasable surface.

- Part of a complete interactive solution that includes MimioStudio™ classroom software, which allows you to create lessons and collaborative activities, as well as perform formative assessment.
- Up to ten single-point users or five dual-touch and gestures users can work together interactively at the same time with the class, increasing student engagement and driving collaborative learning.
- Erasable surface allows teachers to use the classroom-rugged touch board for their normal whiteboard activities.
- Lessons come to life on this projection-optimized nano-coated surface.
- The lightweight touch board typically installs in less than 10 minutes with included mounting brackets.

"Knowing that multiple students can work collaboratively on this board is incredible! The learning potential exceeds any other technology I've had the opportunity to work with."

**Jen Maher, Computer Teacher**
St. Patrick's Elkhorn

WHOLE-CLASS LEARNING

MimioStudio software–so easy to use and engaging, your teachers will use it every day.

The MimioBoard touch board includes the dynamic MimioStudio classroom software. It connects the Boxlight MImio products, so using other tools—from the document camera to the pen tablet—is quick and easy. MimioStudio software allows educators to create interactive lessons and collaborative activities, and perform real-time formative assessment. The software also opens other IWB activities, enabling educators to use the interactive content they already have. **Take learning even further with our MimioMobile™ app, which brings group learning and collaboration to almost any device.**

Classroom Projectors

Deliver engaging instruction and have multiple students work together on large projected lessons—without breaking your budget. Backed by 24/7 support, classroom software, and our online educator community, our projectors are designed for the classroom!

Our P9 and Cambridge projector lines bring standard- or short-throw projected images and collaborative areas to your classroom. We offer both interactive and non-interactive projectors, making interactivity and brilliant images a reality—including the only standard-throw interactive projector available.

- Complete education solution—our P9 interactive projectors come with easy-to-learn and easy-to-use MimioStudio™ classroom software.
- Our classroom software and MimioMobile™ app enable collaboration and assessment either at the front of the room or on almost any student device.
- Our solution makes it easy to gauge and personalize student learning.
- Replace your outdated or failing projectors with a Cambridge projector and get up to 3,700 lumens of brightness!
- Add on our low-cost bulb replacement program and never worry about blown bulbs for the life of your projector.
- Analog and digital audio/video connections ensure compatibility with virtually any PC.
- Ethernet LAN connectivity enables central management and control.

> "The interactive tool and MimioStudio are a huge time-saver, making [me] not only more efficient in my classroom, but also much more effective.
>
> **Travis Rink/High-School Science Teacher**

Storage Cabinets with Tote Trays – *Early Childhood Storage Units*

Tote tray storage cabinets help keep early learning environments organized. Good for storing books, toys and games, these storage cabinets are fit to meet a variety of early learning classroom needs.

ECSTORTTCL12

See-all storage unit with three shelves and 12 tote trays; 33"W x 14"D x 21"H.

ECCUB304829

Double-sided storage unit with two large shelves, 12 cubbies and tote trays on one side, and three full-length shelves on the other; four heavy-duty casters; 48"W x 29"D x 30"H.

ECCUB2436TTC

One-sided storage unit with 10 trays and cubbies and heavy-duty casters; 24"W x 15"D x 38"H.

ECCUB4836TT25

One-sided storage unit with 25 trays and cubbies and four heavy-duty casters; 48"W x 15"D x 38"H.

ECCUB4836TT30

One-sided storage unit with 30 trays and cubbies and four heavy-duty casters; 58"W x 15"D x 38"H.

Storage Lockers – *Early Childhood Storage Lockers*

Storage lockers are available in a wide selection of units for early learning environments. All lockers come with a Tip-Me-Not™ footprint and have two hooks per section to maximize hanging space. Models with extra-deep lower shelves give children a place to sit and two-sided locker models provide double the storage space with 10 locker sections.

ECLOK3655

Tot-sized locker lower storage and two coat hooks in each of its five sections; 54"W x 15"D x 36¼"H.

ECLOK4848

Five-sectioned unit with top and bottom compartments and two coat hooks per section for jackets and other garments; 48"W x 15"D x 49"H.

ECLOK4854S

Seat locker features an extra-deep lower shelf where small children can sit, two coat hooks per section, 11" deep upper compartment and a 14" deep lower compartment; 54"W x 15"D x 49"H.

Open Storage Cabinets – *Early Childhood Storage Units*

Open storage cabinets are available in a wide selection of units for early learning environments with diverse storage needs. Select units have an extra-deep 18" base; hinged models on casters are also available.

ECCUB244818 (front)

Extra-deep mobile one-sided storage unit with two shelves and five compartments; 48"W x 18"D x 23½"H.

ECCUB304818 (back)

Extra-deep mobile one-sided storage unit with two shelves and five compartments; 48"W x 18"D x 30"H.

ECCUB244815 (front)

Mobile one-sided storage unit with two shelves and five compartments; 48"W x 15"D x 23½"H.

ECCUB304815 (back)

Mobile one-sided storage unit with two shelves and five compartments; 48"W x 15"D x 30"H.

ECCUB364815 (front)

Mobile one-sided storage unit with three shelves and eight compartments; 48"W x 15"D x 38"H.

ECCUB364818 (back)

Extra-deep mobile one-sided storage unit with three shelves and eight compartments; 48"W x 18"D x 38"H.

ECCUB249615

Mobile folding storage unit with ten compartments; can be folded and secured with latch; 96"W x 15"D x 23½"H (unfolded).

ECCUB309615

Mobile folding storage unit with ten compartments; can be folded and secured with latch; 96"W x 15"D x 30"H (unfolded).

ECSTORPUZ

Table-top puzzle rack; 12 puzzle capacity; 14⅛"W x 14"D x 15⅞"H.

ECCUB483615

Multi-purpose bookshelf with four shelves; 36"W x 15"D x 49"H.

ECCUB484816

Multi-purpose storage unit with 15" square cubbies; 48"W x 15"D x 48"H.

Book Display Stands

Book display stands offer your early learning environments durable, spacious book display and storage solutions. For early learning classrooms with a large number of books, double-sided mobile units offer large amounts of shelf space, back and side storage. Other models provide markerboard backs or double duty as book displays and storage units

ECBKRAK5DF
Double-faced book display stand with four shelves per side; 30"W x 15½"D x 29"H.

ECBROWSER
Mobile book browser with 8-section top, a side easel and lower storage area; 48"W x 29"D x 23½"H.

ECLCTRNWHT
Book display stand with storage and white markerboard; 24"W x 15"D x 28"H.

ECBKRAK5
Five shelves in front; four-shelf storage area on reverse side; 30"W x 11"D x 29"H.

ECBKRAK6BRD
Six shelves in front that can accommodate 30 books; two additional storage shelves and markerboard on reverse side; 30"W x 25"D x 30"H.

ECBKRAKDH
Mobile hinged double-sided book display with four shelves (three adjustable) on either side; each side measures 48"W x 18"D x 50"H, opens to 96"W.

Carts

Mobile book carts make viewing, storing and transporting books convenient for students and teachers. All carts feature four casters for easy mobility.

LBT33
Wooden library cart with four sloping two-sided shelves and 4" casters. 17"D x 33"W x 44"H.

LIBRARBOOKB
Mobile three-tiered unit with nine divided plastic book tubs measuring 6" x 12" x 15" with five wire pockets on each end; 41"W x 36"H x 17"D.

Early Learning Rugs

Early learning rugs help students learn to count, use a calendar and to identify the 50 U.S. states. All rugs have double-stitched edges and are Carpet Guard stain protected.

RUGBL100140
Blocks-of-Fun rug helps teach basic shapes and numbers; 8'4" x 11'8".

RUGCA90144
Calendar rug to help children learn the days of the week and months of the year; 8'4" x 13'4".

RUGDA100140
Discover America geography rug; 8'4" x 11'8".

Easels and Whiteboards

Whether they're used for a multi-media presentation, to display student work or an impromptu point in writing, easels and whiteboards can be great tools for the campus. Easels and whiteboards are available in multiple double-sided models, mobile and expandable and offer shelves and trays for accessories, storage of books, papers and other materials.

ARTCNTR
Early learning double-sided art center with four angled hardboard surfaces and lower storage area; 48"W x 15"D x 44"H.

EC3ESLMRK
Early learning three-way adjustable easel with plastic utility tray on each side; 20"W x 24"D x 48"H.

ECEASLE
Early learning double-sided, adjustable-height markerboard easel with two storage trays; 20"W x 24"D x 48"H.

BRDMAG4896
Porcelain, magnetic markerboard with aluminum frame. One marker and eraser included; 96"W x 48"H.

BRDESLBLTUB
Mobile easel with two dry-erase surfaces, two snap-on chart hooks, four removable plastic tubs and a middle shelf with upright marker storage; 31½"W x 32"D x 56½"H.

BRDROAM
Mobile double-sided whiteboard with built-in accessory tray. Nesting feature allows multiple units to fit within a single footprint.
Writeable surface: 36"W x 42"H.
Overall dimension: 36"W x 25"D x 68½"H.

BRDNEXUSTAB
Double-sided whiteboard tablet can be used with additional whiteboard easels or as hand-held writing surfaces.
Writable surface: 21¾"W x 25½"H.
Overall dimension: 28"W x 1"D x 28"H.

BRDNEXUSIDEA
Mobile double-sided whiteboard with a dry erase and magnetic surface. Workspace is expandable with side pegs that accommodate up to four tablets (tablets sold separately).
Writable surface: 70"W x 46"H.
Overall dimension: 76"W x 21"D x 76"H.

BRDNEXUS
Mobile double-sided whiteboard with a dry erase and magnetic surface. Workspace is expandable with side pegs that accommodate up to four tablets (tablets sold separately).
Writable surface: 34"W x 46"H.
Overall dimension: 40"W x 21"D x 76"H.

BRDNEXUSPLUS
Mobile double-sided whiteboard with a dry erase and magnetic surface. Workspace is expandable with side pegs that accommodate up to eight tablets (tablets sold separately). Tablet storage is included in easel design.
Writable surface: 26"W x 39"H.
Overall dimension: 33"W x 21"D x 76"H.

BRDNEXUSPLUS4
Mobile double-sided whiteboard with a dry erase and magnetic surface. Workspace is expandable with side pegs that accommodate up to eight tablets (four tablets included). Tablet storage is included in easel design.
Writeable surface: 26"W x 39"H.
Overall dimension: 33"W x 21"D x 76"H (with tablets not hanging).

Early Learning Playtime – *Dramatic, Block and Game Play*

Playtime is an important part of an early childhood learning environment. From a dress-up center with a full-length mirror to a 5-in-1 kitchen center, play stations encourage students to stretch their imaginations through make-believe.

ECIRONSET

FUENTES DE AGUA

ELKAY SPECIFICATIONS

Elkay Wall Mount ADA Cooler Non-Filtered 8 GPH Stainless
Model EMABF8S

PRODUCT SPECIFICATIONS

Elkay Wall Mount ADA Cooler, Non-Filtered 8 GPH Stainless. Chilling Capacity of 8.0 GPH (gallons per hour) of 50° F drinking water, based on 80° F inlet water and 90° F ambient, per ASHRAE 18 testing. Furnished with Flexi-Guard™ Safety bubbler. Mechanical Front And Side Bubbler Pushbar activation. Product shall be Wall Mount (On-Wall), for Indoor applications, serving 1 station(s). Unit shall be certified to UL 399 and CAN/CSA C22.2 No. 120. Unit shall be lead-free design which is certified to NSF/ANSI 61 & 372 (lead free) and meets Federal and State low-lead requirements.

Finish:	Stainless Steel
Power:	115V/60Hz
Bubbler Style:	Flexi-Guard™ Safety
Activation by:	Mechanical Front And Side Bubbler Pushbar
Mounting Type:	Wall Mount (On-Wall)
Chilling Option*:	8.0 GPH
Full Load Amps	5
Rated Watts:	370
Dimensions (L x W x H):	18-1/16" x 18-5/8" x 20-5/8"
Approx. Shipping Weight:	58 lbs.
Installation Location:	Indoor
No. of Stations Served:	1

*Based on 80° F inlet water & 90° F ambient air temp for 50° F chilled drinking water.

- Mechanically-Activated bubbler continues to supply water in event of service disruptions.
- Exclusive Flexi-Guard Safety Bubbler: Innovative design utilizes a pliable polyester elastomer to prevent accidental mouth injuries. Flexes on impact, then returns to original position. Strong. Abrasion-resistant. Anti-sweat. Keyed in location to prevent rotation.

COOLING SYSTEM
- Compressor: Hermetically-sealed, reciprocating type, single phase. Sealed-in lifetime lubrication.
- Condenser: Fan cooled, copper tube with aluminum fins. Fan motor is permanently lubricated.
- Cooling Unit: Combination tube-tank type. Continuous copper tubing with is fully insulated with EPS foam that meets UL requirements for self-extinguishing material.
- Refrigerant Control: Refrigerant R-134a is controlled by accurately calibrated capillary tube.
- Temperature Control: Easily accessible enclosed adjustable thermostat is factory preset. Requires no adjustment other than for altitude requirements.
