Facility and Grounds Cleanup Reminder

Final Reminder;

- Hay and feed: If you are not taking it home, leave it inside the barns so it can be removed.
- Breezeway, wash bay, and barns: Take home all tack, feed, hoses, and soap. Put unwanted items in the dumpsters.
- Tie-outs: Make sure all feed tubs and rope halters go home or into the dumpster—not into the manure.

Thank you for making this years show a great one! We appreciate all of you and look forward to seeing you next year!
