Help Keep the Facility and Grounds Clean

Please help throughout the next three days so our volunteers do not burn out before the end of the show. Clean as you go:

- Hay and feed: If you are not taking it home, leave it inside the barns so it can be removed.
- Twine: There is a lot of twine around the grounds. Please help by picking it up and disposing of it properly.
- Breezeway, wash bay, and barns: Take home all tack, feed, hoses, and soap. Put unwanted items in the dumpsters.
- Tie-outs: Make sure all feed tubs and rope halters go home or into the dumpster—not into the manure.

Important Rules and Volunteering

No parental participation at the show. This rule will be enforced and monitored.

No alcohol is allowed within the white fence or during scheduled junior activities. Parent volunteers are needed to monitor the grounds in the evening and support this rule.

Volunteers needed: The Bashaw Agricultural Show Committee has only 10 members. With more than 200 youth and over 230 head of cattle participating, every helping hand matters. Parents and adults who can assist are asked to visit the office and volunteer.
