

ONLINE CLASSES AT YOUR OWN PACE

#WeAreYourResource

Summer 2020

ExploreMore! has been serving the tri-state area for over 20 years. Our program was created to meet the needs of students who love to learn and wish to go beyond what is taught in the classroom. ExploreMore! courses are for students from K-12th grade. We offer courses that are of high interest to our students in the areas of science, mathematics, writing, visual and performing arts, and technology that offer a learning culture where like-minded students come together to share their passion.

When

- Due to the international pandemic, ExploreMore! Gifted and Talented will be serving you differently this year.
- Every day for six weeks, we will send out a secure link to our YouTube channel.
- A different theme will be given for each week.

What Sets Us Apart?

- We are student focused and bring classes that are based on input from our families to best meet their needs.
- We emphasize critical thinking and independent learning.
- Our environment values creativity, diversity, and experimentation.
- All of our classes are hands-on and challenge students to think outside of the box.
- All of our teachers are passionate about their subjects.
- We offer a whole-child approach where families can learn as much as the students.
- We host free learning opportunities for families with our Parent Lecture Series.

Registration

- **Registrations can be made [HERE](#).**
- Since we know times are hard, we are offering our classes for free!
- Parents should purchase recommended materials prior to each week.
- Those who would like to donate to our program may do so by mail to 21 E. 11th Street, Covington, Kentucky 41011.

Harry Potter

- **Accio Enrichment!** You will spend the first week of virtual exploring uncovering the secrets of the wizarding world of Harry Potter. Discover your house, take herbology, brew potions, and more through this engaging online session.

LEGO

- **Secure schematics for some sky high skyscrapers** with our new and improved LEGO class. Our new architectural style will solve real world problems like building hospitals and housing. See what you can do, and challenge yourself to reach new heights!

Ooey Gooley

- **Who knew you could create such cool experiments with things from your own house?** Get your hands dirty, and get ready to become slimy scientists. This session features creating bouncy balls, lava lamps, rain clouds, and more!

Percy Jackson

- **Our Percy Jackson class is for demigods only!** Discover your godly parent, write your own myth, build a shield, and more during our week in Camp Half Blood. Will you join this quest?

Doodles

- **Artists and amateurs are welcome to this week of artistic adventures!** You will learn the art of mandalas, lettering, and cartooning through this step by step class. We are even featuring student art on our page! Everyone can draw!

Storytelling

- **Is there a better way to pass the time than telling stories? We don't think so!** Throughout this class, we will learn elements of stories like characters, setting, plot, conflict, and more. Our final day of this camp, we will even publish a story!
