Falling

into a Winterizing Routine

Fall is here and it's time to break out the rain boots and prepare to winterize your home. October is a good time to plan for the colder rainy days ahead while it's still warm enough to tackle the list. Check off the items so when winter hits you can enjoy the holidays carefree, warm and comfortable. Routine maintenance and repairs can be easy if you prepare before they become an emergency.

Protect Your Pipes and Faucets

- Locate all pipes and sprinkler systems on the outer walls inside and out. Pipes can be wrapped with heat tape, fiberglass insulation or foam sleeves.
- Seal any areas allowing cold air to leak into exposed pipes.
- Disconnect any hoses and sprinklers from outside faucets and wrap faucets with insulated materials to prevent breakage in cold weather.

Have Your Heating and Cooling System Inspected and Serviced

- Call to schedule your yearly HVAC inspection.
- Schedule early to ensure a spot on the HVAC company's schedule and to prevent emergency visits.
- Change all air filters to maximize furnace life and efficiency.

Check Your Chimney and Flue

- Schedule an inspection ahead of the rush to make sure that your chimney can be cleaned to remove any buildup to ensure safety.
- Reverse your ceiling fans in the winter to direct the warm air downward.

Insulate Your Attic

- Insulating your attic is one of the easiest ways to increase your energy efficiency.

Caulk Your Doors and Windows to Keep Cold Air, Moisture and Bugs Out

Keep Gutters Clean to Ensure Proper Drainage

- Clear leaves and twigs from gutters. Clogged drains can cause water to flow down the side of your home and pool causing flooding and damage to your foundation.
- Keep all trees that overhang your roofline trimmed to prevent damage to your roof and gutters. Trimming will help keep your gutters cleaner from falling leaves.

Inspect Your Roof and Remove Any Debris

- Heat, leaves, pine needles and branches can collect on your roofline, causing damage. Inspect for any animal entries as the weather starts cooling off and caulk or replace any missing shingles before the rain starts.

Did You Miss the September 10 Board Meeting?

We enjoyed a relatively good resident turnout at the September 10 board meeting. We covered several topics of interest, notably the upcoming 2015 assessment level which the Board majority voted to keep at \$575. Many of the residents present voiced clear support for this decision; the sense is this community deserves smart, measured investments/improvements while keeping a prudent reserve. Our ACMI representative, Bert Williams, indicated the community clearly was on the upswing as evidenced from many once-vacant homes now under new ownership and under varying degrees of improvement.

Chuck Cornelius has been tapped to fill the vacant board seat which is up for re-election next February, and he will serve as Deputy Coordinator (see separate article on Chuck). Norman Nelson, who has been instrumental in identifying and pursuing opportunities for TC Jester enhancements, was invited and has agreed to join the newly formed Special Projects Committee where his expertise, tenacity and sincere concern for our community and surroundings will be much appreciated. Barbara Smith is our new Editor; her perspective as a new resident and graphic design/website development background will rapidly become evident.

Sgt. Martinez, the Precinct 1 Contract Deputy Coordinator, was present along with three of our four contract deputies (one was on night duty). They provided very good

neighborhood and personal security tips and addressed specific questions posed by those residents present.

For some time, resident attendance at our Board meetings has been sparse and the meeting format became somewhat relaxed. However, as resident attendance hopefully continues to improve we will adhere to the Board meeting standard protocol whereby residents will have the floor at the end of business, in the open Q and A session. Please make plans to attend the next Board meeting on **November 12**. Your opinions, suggestions and involvement can make a big difference in efforts to improve this community.

Meet the New OOCIA Board Member, Chuck Cornelius

Chuck and wife Susan have lived in Olde Oaks for two years, having chosen our community due to the low crime rate, housing value and close proximity to shopping and the airport. Chuck is an investigator with the Harris County District Attorney's Office with 25 years of experience in law enforcement. Chuck will serve our community as Deputy Coordinator, interacting with our contract deputies to coordinate patrol activities and with the sheriff's department with the overall goal of keeping our community safe.

Chuck would like to initiate a Neighborhood Watch/Block Captain Program and has created a Facebook group that our residents can participate in with private settings (<https://www.facebook.com/groups/OldeOaksWaterfordPark/>) and joined www.Nextdoor.com to interact with the residents to keep them informed on **alerts** pertaining to our community along with monthly reports on safety activity in our monthly newsletter. If you are interested participating in this program, please plan to attend the next OOCIA Board Meeting on **November 12**.

Book Club this month will be **Tuesday, October 28** at the home of Jerry Lutz, and I will be discussion leader for *The Invention of Wings* by Sue Monk Kidd. This is the third book of hers that we've discussed over the years, two of which have been made into movies, *The Secret Life of Bees* and *The Mermaid Chair*.

This is the story of Hetty "Handful" Grimke, a young slave who has been given to 11-year-old Sarah Grimke of a wealthy Charleston family. Handful yearns for a life beyond that of a slave, and Sarah yearns to be a jurist. Of course the latter's ambition was thwarted by family expectations and societal norms for that period. The book follows their lives for the next 35 years as a fictionalized account of the actual Grimke sisters.

Sarah Grimke and her sister, Angelina, were the first female abolition agents and among the earliest major American feminist thinkers. We've no doubt all heard of Lucretia Mott and Elizabeth Cady Stanton, and here are Sarah Grimke, the first woman in the United States to write a comprehensive feminist manifesto and her sister, Angelina, the first woman to speak before a legislative body in Charleston, South Carolina.

"Footnotes"

They were famous in the 1830's but also infamous. Ms. Kidd extensively researched these sisters and felt a failing that their story is so unknown. She had driven by their unmarked house for years in Charleston.

It was quite fascinating to read the author's notes in the back of the book about Ms. Kidd's research on the Grimkes and also the background on the story quilts of the African-American tradition. Quilting also figures into the book with Handful as the quilter. The story quilt theme was inspired by the magnificent quilts of Harriet Powers, an enslaved woman from Georgia who used the African applique technique to tell stories about Biblical events and historical legends. Two of these quilts are on exhibit at the National Museum of American History in Washington, DC and the Museum of Fine Arts in Boston.

There have been several reported cases of West Nile virus in the Houston area. **Take precautions!** The Texas Department of State Health Services recommends practicing the "Four Ds":

- Use insect repellent containing DEET, picaridin or oil of lemon eucalyptus.
- Dress in long sleeves and long pants when you are outside.
- Stay indoors at dusk and dawn when mosquitoes are most active.
- Drain standing water where mosquitoes breed. Common breeding sites include old tires, flowerpots and clogged rain gutters.

Happily Ever Cat-Free

The August newsletter included the plight of Bato, the charming Chihuahua whose canine presence was not well tolerated by his owners' tenured cats-in-residence – even after two years. We are pleased to report Bato has been adopted into the perfect household. The new owner, who lives nearby, had suffered the loss of both husband and beloved dog. Bato has been welcomed into a great home and in return is filling a valuable role in someone's life. He is reportedly treated as the **little king of the castle** and has performed his companion dog duties admirably on trips to various states already. His prior owners, while sad to see him go, are very gratified to have arranged the best for Bato. The cats had no comment.

Full size (4/4) Violin. 1997 Wayne Burak and Associates Jacques Nicolai Deluxe Model. Beautiful instrument with rich tone. Custom made Robert Hittson bow, Kun chin rest, and case included. This is a wonderful instrument for an intermediate to advancing student looking to upgrade to a quality instrument without paying an arm and a leg. It served me rather well in my high school and youth orchestra career, and I won many first chairs and UIL top scores with it. \$2,000 OBO. Call 281-650-7037.

Large French Ornate Dark Oak, armoire/TV cabinet. 7'2" tall, 47" wide, 20" deep with shelves and drawers. Good condition and looks antique. Retail for \$5,000 but I'm asking \$850. Small Chippendale love seat which would look great in bedroom or entry hall. 30" tall, 58" wide, 30" deep. Excellent condition, was over \$700 but I'm asking \$200. Call Jan 281-990-2525, leave voicemail.
