Our Services

Packaging Concept and Designing

- △ Innovative packaging conceptualization best suited for effective marketing of the product.
- △ Prototyping of proposed product packaging included in the service.
- △ Key factors like product durability, shelf life, aesthetics, brand value etc. given priority.
- △ We follow the latest packaging trend, yet keep the cost optimal.

- △ Attractive packaging artwork design can be used as an effective product marketing strategy.
- △ An intelligently designed logo can be an effective means to communicate the manufacturers vision right to the end customer.
- △ An aptly designed logo & packaging artwork, can easily help to boost the sales figures.
- △ Cost effective, yet innovative options can be provided.

Packaging Artwork and Logo Designing

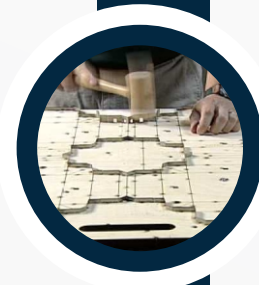

Lamination

- △ Automatic cold lamination for manual sheet feed as well as roll feed.
- △ Lamination can be done on duplex, art and special paper.
- △ Lamination film types : Transparent BOPP (Matt, Gloss), silver, golden, transparent / silver heat sealable, oil-free & food grade.
- △ Maximum width for lamination : 23 inch
- △ Maximum Capacity : 800 sheets per hour
- △ Attractive rates for bulk quantity.

- △ Automatic punching for manual sheet feed input.
- △ Punching can be done to duplex, art, kraft, special paper and corrugated sheets. Plastic and foam sheet punching also possible.
- △ Punching die preparation services can be provided on request.
- △ Maximum size for punching : 25 x 35 inch
- △ Maximum Capacity : 1500 sheets per hour
- △ Attractive rates for bulk quantity.

Punching

Heat Sealing of pouches

- △ Automatic heat sealing for pouches, best suited for food (masala, ready mixes etc.) / agriculture packets (seeds, fertilizers etc).
- △ Normally, heat sealing is done on 2 side laminated & printed art paper to form pouches in the desired sizes.
- △ Lamination types : Transparent BOPP (Matt, Gloss) from outside and food grade silver / transparent heat sealable film from inside.
- △ Maximum Capacity : Upto 3000 sealings per hour (size dependant)
- △ Attractive rates for bulk quantity.

- △ **Foiling** : Available in Gold / Silver / attractive metallic colours.
- △ Suitable for logo or highlighting a small part in the design to make it attractive and give the product packaging a premium look.
- △ Maximum size : A4. Maximum Capacity : 800 sheets per hour.
- △ **Screen Printing** : Available in standard colours as well as special colours (Pantone).
- △ Suitable for 1 or 2 colour designs on paper bags / pouches & boxes.
