

Northeast Agroforestry Lab

USDA, ASTM and ASME Soils Analysis, Testing and Consulting

518-664-3970 Schaghticoke, New York 12154

Lab, Contacts and Submission of Samples

Contact the Lab with general soil testing issues, or specific soils questions, advice for sampling your own garden, back yard, food plots or submission of your soil samples or even special/complex/multiple site projects. We will work with you to provide large sampling techniques as well as discounted large project quotes for specialty projects with consulting. Landscapers, small Agricultural Farms and Feed Stores are always welcome with commercial volume pricing. Our contact information is below;

To reach us by phone please call **518-664-3970**

To reach us by email, please send your email to: infonortheastagroforestry@gmail.com

Please keep in mind that we are often in the field or lab and sometimes not immediately available to take your call or answer an email but will quickly get back to you the same day or within 24 hours. Leave your name or company name and best contact Phone number and we welcome the opportunity to speak to you.

Your Soils Samples should be submitted in accordance with the suggestions for safe delivery on the “Download” button next to this. Remember to include your submission form and payment in the same package with the soil. The cardboard package you prepared to submit your soils samples must have sufficient integrity to be delivered without loss or contamination of the sample. Ship your sample US Mail parcel post, Priority Mail or via UPS Express or FedEx. Our Lab will begin the testing process of your soil within 24 hours of receipt of your package.

We welcome the opportunity to work with you using your planting goals.
