

Dusty Road Kennels

Health Guarantee

The purchase of this puppy is between Dusty Road Kennels and _____ on ____/____/_____. The following guarantee is for the original buyer and is not transferable to another party. This puppy will have limited registration with the AKC and is guaranteed to be a pure breed Golden Retriever.

The puppy is guaranteed to be free from contract illness for the 24 hours after pickup. It is expected that within 72 hours of pickup the puppy is examined by a licensed veterinarian.

The purchaser is responsible for the cost of all veterinary bills, tests, and means of transportation.

We guarantee this puppy to be free from genetic defects for up to one year of age.

We Guarantee the puppy's hips and elbows for 26 months from dysplasia.

If your veterinarian suspects dysplasia, x-rays must be sent to the Orthopedic Foundation for Animals (OFA) by your veterinarian. The report from the OFA will be the sole judge as to the condition of the hips and elbows. In case of dysplasia two options are available.

Replacement of puppy- If the health concern is determined genetic or hereditary Dusty Road Kennels will replace your dog with a puppy of the same sex as soon as possible.

Compensation- If the health concern is determined genetic or hereditary and the purchaser wants to keep the puppy Dusty Road Kennels will pay for surgery up to the original cost of the puppy. This will be paid directly to the veterinarian with the original bill. If surgery is not required, Dusty Road Kennels will refund one third of the purchased price of the puppy. This is refunded when a certificate from your veterinarian has been received stating the dog has been spayed or neutered.

This guarantee is contingent upon proper care for the dog. The dog must show no evidence or symptoms of abuse, neglect, improper nutrition, or injury.

If the buyer cannot take care of the dog Dusty Road Kennels will gladly accept the dog back into our care. If breeding rights are given this contract will be void in the instance a dog is bred before the age of 24 months and without first obtaining official OFA certification.
