BALANCED FORMULA LIQUID FERTILIZER

Product information:

ACTON 8-8-8 is an all purpose nutritional fertilizer for the correction of nitrogen, phosphorus and potassium deficiencies. Its use is suggested as a supplement to a regular, balanced fertilizer program to enhance yields and improve quality.

Directions and General Recommendations:

ACTON 8-8-8 may be applied as a foliar spray by air or by ground. Maintain agitation to provide uniform distribution within the spray tank. Thorough and even spray coverage is essential for maximum nutrient uotake.

Apply 1 -5 gallons per acre.

Optimum rate of application will vary depending on soil properties (such as pH, organic matter content, texture), weather conditions, time of year, general crop health and crop species. For best results, follow soil test or plant analysis recommendation.

Always jar test new combinations for compatibility prior to field mixing.

KEEP OUT OF REACH OF CHILDREN SHAKE WELL REFORE LISE

Harmful if swallowed. Avoid skin contact. Causes eye and skin irritations. In case of contact, wash the affected areas with water immediately and continue washing for fifteen minutes. Seek medical attention if irritation persists.

Disposal: Dispose of contents in accordance with local regulations.
