Leffe®

Seismic change has occurred in the brewing industry in recent years. More and more customers' palates are seeking premium and craft products over the 'run of the mill' brands the on-trade is flooded with.

Through partnering with a selection of award-winning master brewers, Addison's are now offering a selection of craft ales and lagers that we believe represent the very best the industry has to offer.

With a brewing history ourselves, harking back to the late 1800s and the Newport (Salop) Brewery Company, we know what we are talking about and would encourage you to take a look through our selection.

Authentic and flavoursome - guaranteed to entice even the most discerning enthusiast.

how to order & installation requests

daring to be different isn't a gamble

It's a cost free way of separating your business from the mundane, sometimes branded but mostly uninspiring operators. Giving you a point of difference, something to shout about, something to be proud of.

The challenges facing the hospitality industry are truly daunting and the need to entice customers to keep coming back is greater than ever. We feel we can help.

We are constantly expanding our portfolio, hunting out new product lines with real flavour and real charm. Sure, you may sometimes pay a few pence more than you would for a mass produced item (and by the same token – sometimes you will pay less) – but what you gain in terms of quality and individuality is immeasurable.

and it's easier than you think with Addison Wines
