FOR IMMEDIATE RELEASE

FEASTS OF PERSIA NOW SERVED AT ANTHONY'S HEALTH HUT & RESTAURANT

A South Lakeland Legacy Supports a Growing Local Brand

Lakeland, Florida, February 26, 2026 – Feasts of Persia is proud to announce that its Signature Hummus is now available at Anthony's Health Hut & Restaurant, a Lakeland institution that has been serving and caring for the community for more than 47 years.

In a partnership rooted in shared values, Feasts of Persia's Signature Hummus is now stocked on refrigerator shelves at Anthony's Health Hut, and is also the hummus featured in the restaurant's Hummus & Chips Plate.

For nearly five decades, Anthony's Health Hut has operated with a clear and unwavering mission: it's not about making money, it's about helping people. That philosophy has earned the trust of multiple generations of Lakeland families, with parents, children, and now grandchildren relying on the store's guidance and care. Known for its science-backed supplements and commitment to optimal nutrition and performance, Anthony's has built its reputation on trust, compassion, and expertise.

That's exactly why Feasts of Persia fits right in.

As the culinary foundation—"The Fuel"—behind *Fuel Our Power*™, Feasts of Persia is committed to delivering Mediterranean-inspired, nutrition expert-approved cuisine designed to support balanced living and overall wellbeing. The brand believes that optimal performance begins with proper nutrition—real food made with high-quality, clean ingredients, crafted with care.

"To have a 47-year pillar of the Lakeland community not only carry our hummus but serve it in their restaurant is both humbling and meaningful," said the Rahmani Family of Feasts of Persia. "Anthony's Health Hut has built generational trust by putting people first. For them to stand behind our product speaks volumes."

Anthony's Health Hut is known for trusting only a select few to work directly with customers, ensuring that anyone on the floor shares the same dedication to service and care. That intentionality extends to the products they choose to carry.

A longstanding local business supporting a growing one, this collaboration is a testament to what's possible when community, trust, and purpose come together.

About Feasts of Persia

As an American grown family with Persian (and Filipino roots), we realize that you can't build a community without UNITY. Therefore, we serve a Mediterranean and Persian-American Fusion cuisine, bringing food together the way it brings people together through consumer-packaged goods, as well as a meal plan, meal kits, and meal prep services, which may be sold to customers as part of a fitness & wellness program called *Fuel Our Power*™.
