## FOR IMMEDIATE RELEASE

### **Feasts of Persia Now Available in Downtown Lakeland**

**Lakeland, Florida, January 26, 2026** – Feasts of Persia, known for its unique and thoughtful fusion of bold flavors and Mediterranean-inspired cuisine, is proud to announce a new partnership with Yohansi Santana, owner of Divicious Deli & Coffee Shop, marking an exciting next chapter for the brand. This partnership brings together shared values around family, culture, and high-quality foods—beginning with the launch of Espresso Hummus featuring Divicious espresso.

The new Espresso Hummus builds on Feasts of Persia's innovative hummus line, joining existing Cinnamon and Coffee flavors. Featuring Divicious espresso, the flavor is bold, delivering depth and balance while staying true to the brand's signature approach: bringing food together the way it brings people together.

As part of the collaboration, Feasts of Persia products will also be expanding their local availability to downtown Lakeland at Bodega Market, Divicious's sister company. Located right next to the coffee shop on Tennessee Avenue across Munn Park, Bodega Market now carries the following Feasts of Persia products:

- 8 oz Espresso Hummus
- Snack Pack - Signature Hummus with Pita Chips
- Snack Pack - Signature Hummus with Carrots

This launch represents more than a new flavor or shelf placement—it reflects a broader commitment to partnerships that elevate local food culture while keeping quality and community at the center.
