## FAMILY-OWNED FOOD TRUCK AIMS TO BRING FOOD TOGETHER THE WAY IT BRINGS PEOPLE TOGETHER

*Feasts of Persia brings Persian-American Fusion to Tampa Bay*

**Lakeland, Florida, May 22, 2023** — Farhad Rahmani, wife Gianna, and sons Nikolas and Dominik, have received a warm welcome in Lakeland and surrounding areas, both in community engagement and media attention.

The Rahmani Family started their mobile restaurant in December of 2022 and while Tampa Bay offers limited options for similar Mediterranean cuisines and traditional Persian food, Feasts of Persia serves unique Persian-American Fusion, which combines delicious Persian dishes with American favorites.

Their signature Kabob Burger has been seen featured in publications like the Lakeland Ledger and LKLDNow, as well as on television, where Farhad was filmed doing what he loves on Spectrum Bay News 9 Chef's Kitchen. They've also been highlighted on various social media outlets by @thelaltoday, @haven\_magazine, and influencers @floridawithfive.

This said, nothing has meant more to them than the support and encouragement of the local community who has praised them on Polk County Restaurants & Reviews, the Facebook group for local foodies nearing 60,000 members, their own Facebook page, and on Google, where Laura said, "We ordered the Sampler Feast and tried everything. It was so amazing! The spices and sauces were so great, can't wait to go back!"

Their bright desert oasis-themed food truck has become popular for its #FeastsFieldTrips to several hotspots in the area. This week, you can catch them at Grove Roots Brewing Co. in Winter Haven, as well as The Yard on Mass, Unfiltered, and Swan Brewing in Lakeland. While they have given encore appearances at residential and healthcare communities, they have several new locations and special events in store for #FeastsFans already booked through the summer.

In between trips, the Rahmani family aims to provide its regular customers their favorite dishes at their regular spot, located at 3304 Florida Ave S, Lakeland. They are looking for a new home location so follow them on Facebook to keep track of them and all the trips!

You can't build a community without UNITY. As an American-grown family with Persian (and Filipino) roots, Feasts of Persia recognizes this and has recently opened a new food truck in Central Florida (Lakeland/Polk County in between Orlando and Tampa). They serve Persian-American Fusion, bringing food together the way it brings people together ❤️ by combining flavorful Persian kabob dishes with American favorites - burgers, steak-bites, sandwiches, wings, and more. Their menu features 5 signature dishes, offering beef, lamb, chicken, halal, and vegetarian options. Feasts of Persia is a warm and friendly family business with clean, covered, and spacious outdoor seating. Join them for a filling feast! They also offer catering!

Follow them at [feastsofpersia.com](http://feastsofpersia.com).
