Gateway Co-operative donates \$2,000 toward a New Hematology Analyzer for the Canora Hospital.

Yorkton – Brad Chambers, General Manager of the Gateway Co-operative, presented a cheque for \$2,000 to Ross Fisher, Executive Director of The Health Foundation.

“Gateway Co-op believes in investing back into the communities where our members and employees live and work. Part of our mandate as a co-operative is to work to make our communities better places to live and work and raise a family. Our board feels healthcare is one of the main needs of a community and helping to maintain and enhance our local healthcare is something the Gateway Co-op is proud to do,” said Mr. Chambers.

The Health Foundation is grateful for this contribution and for the continuing support of the Gateway Co-op. Gateway Co-op has been a strong supporter of our work for many years, and that continuing support is critical to our ability to enhance our local health services in east central Saskatchewan.
